All,

updated pack attached.

This still needs three further things:

1. Embedd a PDF of the latest tracker in the annex - will run thi soff Monday and bring hard copy to the meeting.
2. Extend the timeline through 13/14 - I have the data for this but it appears to have been corrupted when emailed- I will see if I can get today in which case I will amend otherwise will copy in first thing MOnday
3. The alternative narratives pasting into the final annex - Sophie can you send through and I will do this evening.

Matthew - if you get a chance to give this a further scrub today that would be very helpful.

I will be in early Monday so can pick up further comments then and we will run off hard copy if required - Mark would you prefer print outs or to project?
