Jason

These are the 25 requests where we will need to send a full data set not the balancing only output.

Torstein can supply more information if required.

Thanks

Pete

Subject: Private & Confidential Subject to Legal Privilege: ARQ data

Hi Christopher,

As you may already be aware, we are in live litigation with Freeths – a firm acting on behalf a 198 claimants, who are largely former postmasters. In order to support POL's defence, Deloitte are performing some testing of Horizon. This testing involves a review of transactions, hence the request for some ARQ data.

As such, could you please arrange for the attached 25 sessions to be provided by Fujitsu. I have CC'd Pete Newsome who is aware of this.

Thanks

Mark
