TIMES and NOTES:			Total units
Preparation before leaving: (planning meeting, papers read etc;)			
Conferences: With Defence Csl: tries to persuade me that previous trial csl had agreed that this was not a Breach of High Degree of Trust case. I said our position is that it was: whatever previous csl had said was for him and I was not bound by his comments. With OIC: he informs me that previous csl had suggested to him that it was not a Breach of Trust case and that OIC had argued the point with him. This reinforces my view that we will present it as such. AFTER HRG: Brief con with OIC; FI; expert and otrs after hrg to discuss sentence. All very happy with outcome.			
Hearing: (note time jury retired) Opened in full. Re-iterated point that Horizon not at fault and D's plea confirms that his attack was nothing more than opportunism. Defence suggest to HHJ that this not a breach of High Degree of Trust case – he is more like a Burger King operative. Sentenced: 54 weeks immediate imprisonment. PoCA timetable to stand. Costs to be dealt with at PoCA Hrg, but figure of £22,914.45 placed on record.
