Seems very Fujitsu focused at present.

Nick , Good advice from Clare to keep off the emails - getting the same advice here ! am being questioned about outrageous charges against you by Jane . Just wanted to reassure you but of course it can wait until Monday . Do spend time with your lawyer - it reassured me .

Henry,  
What a week. I very much hope you are bearing up. I can't begin to imagine what you have been going through... However, I was pleased to see a more balanced piece by Ollie Shah in the Sunday Times today.  
For what it is worth colleagues were absolutely horrified by the manner of your departure. Politics at its very worst.  
I hope you are able to put it behind you and move on.  
Best wishes to Karen from Clare and I, too.  
Nick
