Subject: Programme Name Change

Colin,

Peter Corbett has re-named the End-to-End programme. It is now to be known as the Impact Programme, standing from IMProved ACCounTing. No doubt it will take a while for the new name to settle into everyday usage, but we should start using it in commercial and contractual documents wherever the name of the Programme needs to be referenced. I don't intend to change the MoU or 3-way NDA, nor any work packages that are approved or are with Post Office for approval, but suggest we should use the new name in all new work packages, commercial terms and related documents, and conform those currently being drafted.

Regards,

Keith Baines
