Subject: Updated IMPACT R3 Branch Trading Issues List (V10)
Attachments: BG BRANCH TRADING ISSUES v10 020304.doc

David

Further to our review yesterday afternoon, I have updated the issues list to reflect the agreed outcomes. In particular:

- I have emailed John Dutton seeking guidance on the outstanding questions regarding branch reporting
- Gareth has spoken with Alan who is working on the TMS/AIS material for the CD. We understand that Alan will be providing updated material for the CD during the course of today
- Gareth has left a message for Chris to call to determine progress on the requirements for handling non-accounting data following the problems identified last Tuesday at our review
- I have tabled working assumptions as agreed the wording of which you will need to check/verify

I will call you after lunch for a follow up progress review as agreed.

Regards

Bob Gurney
