OK, Gareth, thanks.

I've put together the basis of your statement based on your comments in the Accountant's report and attach. We can discuss and send next week.

Did you realise that this accountant is also engaged on the Porters Lane case?

I have responded to POL that we are unable to progress further on Porters Lane at least until the back end of next week.

Pete Thompson didn't want to progress the issue at all and asked me to hold on for Tom.

An interesting week ahead!

Have a good weekend
Penny

Gareth

I'll try to do this today; I'm not in tomorrow.

I agree with your comments.

We need to make sure we are charging correctly for your time; which code do you book to when you work on litigation support?

Kind regards
Penny

Penny,

I popped up earlier, but you were busy with Pete Thompson.

I don't think I can produce anything formal this week.

Do you have time to put something together for me to sign? I'm also slightly concerned that some of my comments are "this is for POL to answer", but that is probably OK in this case.

Régards

Penny

Our defence barrister has asked for all of Gareth's replies in relation to the Defences 2nd Interim Report (see attachment below) to be produced as a witness statement. I would suggest that the question from the defence is reproduced and then Gareth's replies are recorded immediately after for clarity purposes.

A pre court hearing has been set for the 1st February and ideally if possible it would be helpful if the statement could be received by Friday of this week. Could you let me know if this is going to be possible.

John
Here is the answer from Fujitsu to the points that you asked about.
Penny is keen to know that this is all that is required from them, can you
let me know?
Regarding the other points, Mark emailed Rob Wilson for some clarity/advice
and I am still awaiting the information.

Thanks

Trial 15th March 2009 Guildford Crown Court

Hi Jane

hope all is well with you.

Our expert, Gareth Jenkins, has made comments on the 2nd Interim Technical expert's report, which I attach for review by Prosecution Counsel. Please note that where POL is required to respond he has stated so in the text. We agreed that in the New Year we would discuss how this would be presented.

As for Question 3 of your note dated 2 December, the simple answer is that the system will behave very differently in that all the data will be held in a central database and the UI will be very different. However the basic principles for accounting will be the same, though much of the detail in terms of error handling etc will change. If more detail is required then that really requires a full discussion on how HNG-X works and will get very lengthy and involved.

Andy has responded to Jon Longman's note of 16 November. That leaves questions 1 and 2 of your note dated 2 December outstanding and Andy is waiting for a response from Jon Longman before he can proceed.

I believe all questions are covered - do you agree?

Kind regards
Penny

Hi Penny

Spoken to the investigator and he has asked is there any chance of us
having the information by Christmas?

I've said that I will let him know in due course.

Regards

Jane

Jane

I attach a report from the defence expert where he has highlighted a number of problems with the Horizon system. Our barrister, Warwick Tatford has asked that the problems with Horizon that he has raised in his report are replied to in a witness statement form. I presume that an employee of Fujitsu would have to produce the witness statement.

(See attached file: misra - 2nd interim technical expert's report 19.11.09.doc) (See attached file: misra - electronic Funds Transfer PCI sched.doc)

In addition to this the defence have also requested the following information with regard the hardware equipment installed at West Byfleet.

- 1) Please provide details of any business testing carried out by the Post Office on the system before it went live.
- 2) Please provide the service logs for the system at West Byfleet PO for a period commencing six months prior to the defendant taking over as sub postmistress (30/06/2005) to the present day.
- 3) Please confirm when and why the hardware in the system at West Byfleet PO has been changed.
- 4) By whom have these changes been made.
- 5) When new hardware was installed at West Byfleet was it brand new or reconditioned
- 6) If it is the latter please confirm the identity of the PO from which the reconditioned hardware came and why the hardware has been removed from that PO.
