Dave

An approximate estimate for this work is:-

ARQs = £13,400
Helpdesk Calls - individual breakdown = £1880
- call-type breakdown = £630

Do you want me to arrange for a formal estimate?

*No wait further.

Penny,

I've found an audit trail (start from the bottom).
Hope this assists.

Rgds,
Dave.

Ok John,
Will add this to the statement and get it posted to Dave ASAP...

Andy

Lets run with the statement as it is. If the defence do want details of the 107 calls then a further statement will be needed at a later stage. Maybe you could add in your statement that the total calls only work out at 3 - 4 a month over the time period and this is not a high amount for a PO.

John

John,

107 calls may seem a lot but that only equates to approximately 3-4 calls a month over the time frame. To add the information you want is going to take 1 to 2 days of uninterrupted work to complete. So to get it completed by the 26th June is not impossible it would be cutting it fine as we had not factored this in to the time scales of the original request. If you need the extra detail I will enquire about when we can get this to you..

The statement is fine but the mention of 107 calls will no doubt interest the defence barrister. If possible could you include in the statement a breakdown of the calls to cover time/date/nature of call. If we don't include it now the defence will only request this information later.

Andy,
Statement looks fine to me, though I've copied Jon Longman (Officer In Case) for his info. My only query would be that the log of 107 calls may need to be produced as evidence or be disclosed as unused material. If produced as evidence then it could be incorporated in your statement now or produced in a 'further to' statement later. I'll let John comment on this though, as the court may be happy as it is.

John,

Can you give Andy the green light and/or comment on my thoughts above.

Regards,

Dave Posnett
