Subject: Update on HNG-X R1 Rollout FOR CASCADE

Importance: High

All,

I can confirm that we have received authorisation from Post Office Ltd to proceed to rollout of HNG-X Release 1 from Post Office following the Acceptance Gateway 4 review and Release Authorisation Board earlier today. The rollout will proceed with the following schedule this week:-

30 th June	260 branches
1 st July	261 branches
2 nd July	110 branches plus some additional migrations to be confirmed by Post Office 30 th June.

This is a tremendous achievement for the account given the challenges of the last few months. We will of course continue to maintain a high level of vigilance on system monitoring.

We will issue weekly progress updates on the number of branches migrated.

Thanks to all the teams involved for getting the programme to this point.

Regards,

Geoff
