Post Office Ltd – proposal for an independent review of the Company's systems relating to the occurrence of apparent shortfalls in individual PO branch accounts

Objectives & Scope

The Post Office has instructed, 2nd Sight Limited to conduct an independent review of existing cases raised by MPs and/or Shoosmiths.

This will include the following:

- Reviewing all company-held documentation focussing on why shortfalls occurred.
- Interviewing company investigators to gain insights and to verify their findings,
- Reviewing defence submissions.
- Studying relevant evidence with regard to the 'Horizon' system.

The reviewers will meet any affected MP at their request on a private and confidential basis. It is anticipated that each case will be reviewed individually and that evidence may be obtained from a number of different sources.
