All

Further to the below, the purpose of this call is limited to discussing the technical issues and commercial concerns with providing access to the KEL and unfiltered transaction and event data. Please during the call bear in mind that the purpose is not to discuss whether these documents should be provided, but how access could be provided. We have already provided Freeths with an explanation of your concerns and this call should be limited to a broader discussion of these topics.

Please also note this is not an off the record or without prejudice call and there is a chance that Freeths and/or Jason may try to broaden the call to discuss other matters. It would be appreciated if you could : (1) stay within the scope of the meeting; (2) only answer the questions asked and not offer additional explanations or stray into other areas of Horizon; and (3) not mention Deloitte or the work which they have undertaken.

If you have any questions about the call, please feel free to contact us.

Kind regards
Amy
