1 – how was dinner with JJB? Are you and Collins on the fast-track to managing partner yet?

2 – two draft emails below, first is an agenda for the call and second is a following email to be sent to FJ.

Thoughts welcome

**[DRAFT 2]**

All

Further to the below, the purpose of this call is limited to discussing the technical issues and commercial concerns with providing access to the KEL and unfiltered transaction and event data. Please during the call bear in mind that the purpose is not to discuss whether these documents should be provided, but how access could be provided. We have already provided Freeths with an explanation of your concerns (letter attached) and this call should be limited to a broader discussion of these topics.

Please also note this is not an off the record or without prejudice call and there is a chance that Freeths and/or Jason may try to broaden the call to discuss other matters. It would be appreciated if you could (1) stay within the scope of the meeting; and (2) only answer the questions asked and not offer additional explanations or stray into other areas of Horizon.

If you have any questions about the call, please feel free to contact us.

Kind regards  
Amy
