Dear Amy,

I enclose my proposed amendments for the letter, which are so considerable that I do not think it would be helpful to copy them to everyone. Tone and clarity are particularly important in this letter, hence the scale and scope of my suggested changes.

I have included a few questions but experience suggests that these are not the only areas where my understanding of the position =is incomplete or wrong: you will have to check everything.

SH and RW's changes are included, to the extent that they remain relevant.

Best wishes,

Tony

Tony, Simon

Apologises for chasing, but if possible we would like to send the letter to Freeths before mid-day today. Would it be possible for any comments on the letter to be provided this morning?

Many thanks
Amy

Tony, Simon, HSF, Rodric

Please find attached a revised letter to Freeths which I hope takes into account the matters discussed on the call, along with a compare to the previous version of the letter. We would welcome any proposed amendments to the letter.

It may be easiest if Tony/Simon provide their comments first, following which HSF/Rod can provide any further input, but please feel free to provide comments earlier if it would be more convenient or if there is anything which is pressing.

Many thanks

Amy
