While looking for something else, I re-discovered this document that I perhaps prepared for you, way back in October 2015. Re-reading it, we weren't far off course I think. I had this document in my mind (and I think I also had a copy of it in my pocket because I have a version here where I've put 'Ron' or 'Ian' in the margins) when Ian and I met with Tim Parker and Jonathon Swift two months later. Ian and I both remember that we *"gave him (Tim) both barrels"*.

Best regards, Ron.
