A message from Anwen

To: All UK & Ireland employees

Dear colleagues,

Please may I ask you to spare a few moments to take in the information in the link below.

The video I have included shares information about the serious and important topic of Fujitsu's role in the Post Office Horizon IT Inquiry - and our increased focus on the Fujitsu Way.

The link also includes additional detail I reference within the video, to support you and questions you may have.

**Click here to
access the video
and information**

Your UK & Ireland leaders will be covering this topic in upcoming meetings and updates.

More information on our action together will also follow in January.

Thank you for your attention and for your commitment – every day – to the Fujitsu Way.

Anwen Owen
Head of UK & Ireland

This is an internal communication, the contents of which should not be shared outside of Fujitsu. ©Fujitsu 2023
