Subject: RE: R v Sefton & Nield Liverpool Crown Court 17th October 2012

Andrew

1As you may be aware in the past defence expert has attended the relevant sub post office and been able to analysis the relevant data etc. However this request is very vague and

General are you able to clarify specifics .

2 Garth Jenkins has previously provided reports in the past, he is presently on holiday for two weeks are able to wait for his return?

Regards

Jarnail

Dear Jarnail,

Please see below draft email I am proposing to send out to John Gibson of Counsel who is acting for us in the above case, POLTD/1112/0203. It relates to the issue of disclosure re Horizon.

Andy Cash has asked me to seek specific instruction from POL on two issues therein:

1. Would we allow a defence expert direct access to Horizon system.
2. Is a 6 week timetable realistic for Fujitsu to prepare the report proposed.

Regards

Andrew Bolc

Andy,

Following discussion with Harry, please see draft email to Outside Counsel in this case. I need to confirm point 3 is correct. i.e we would allow outside expert direct access to system; and point 4 report timescale is realistic.

thanks

Andrew

Dear Sir,

Please place the attached S.8 application together with the brief already held by Counsel, John Gibson.

Counsel is invited to contact instructing Solicitors to discuss the prosecution response and should be aware of the following:

1. Post Office Limited have appointed one of their investigators, Helen Rose as disclosure officer dealing with Horizon challenges.
She has prepared a document/ spreadsheet detailing all such cases, past and present, approximately 20 in total, although none thus far successfully argued in court. It is felt by in house Counsel that this currently a working document and currently undisclosed as it contains some personal opinion.
2. In addition to the 2nd Sight Review, POL have been advised to obtain, and are in the process of doing so, an experts report from Fujitsu UK, the Horizon system developers, confirming the system is robust.
3. POL maintain the system is robust, but in light of adverse publicity, the view of In- house Counsel is that defence should be given opportunity to test system, should they still wish to do so, on consideration of our report.
4. In light of defence request for disclosure, consideration be given to trial being vacated to allow 6 weeks for service of Fujitsu report and further 6 weeks for defence to act upon if needed.

Regards

Andrew Bolc
