

-I-

IN THE CROWN COURT AT WORCESTER

REGINA

-v-

JULIAN WILSON

BASIS OF PLEA

I, JULIAN WILSON (d.o.b. GRO) will plead guilty to the two offences of fraud at counts 4 and 5 on the indictment. I am not guilty of counts 1, 2 and 3.

I plead guilty on the following basis:

- IN THE YEARS 2007 and 2008 the Post office turnover was in the region of £7,000,000 to £8,000,000 (million) pounds. I was aware of discrepancies or losses each week. I accept these losses amount to £27,811.98p. I kept a contemporaneous record of these losses.

- I accept that I failed to make good the loss and falsified entries in the Final Branch Trading statements. I accept that in doing so I avoided paying back the monies as per my contractual obligations and an ~~external~~ investigation by the Post office into my employment.

-2-

- The losses occurred as a result of staff or systemic errors. I do not believe any of the money was stolen. I certainly did not steal the money nor use it for any other purpose. I have made no financial gain directly from what has occurred.

~~_____~~

The above is true and accurate. It represents the sum total of my offending.
