Subject: Fw: Horizon Integrity

This document has been archived to the Central Archive Store

As discussed, thx E

Hayley, Emily, Michele, Please find attached the document that Fujitsu have produced which describes how Horizon captures transactions and describes how integrity is maintained when certain components fail.

We can add further material on failure modes as we need to.

...

Also attached please find the standard witness statement used when we prosecute regards Dave

David Smith Head of Change & IS Post Office Ltd
