**Subject:** RE: ARQ requests

Hi Chris,

We would not put the PAN number in the witness statement. However the Witness statement would refer to a specific ARQ Reference including FAD code, office name etc, so you could link up the ARQ and PAN with the statement.

Contained within the ARQ data we could provide a PAN in clear but only for a specific transaction, you would need to specific the date/time and amount for us to be able to decrypt the encrypted PAN for the transaction you specify. We would need to fully encrypt the data as we normally do before sending to you.

I hope that gives you what you need, if you wish to discuss further please feel free to call me.

A few points to note with regards to the ARQ's you attached for Lower Edmonton, Westerham Avenue and Wood Green:-

- No ARQ numbers have been included, please can you add ARQ numbers and resend?
- PAN numbers have been requested but no transaction has been identified, we cannot provide PAN numbers for the whole month sets of data, you need to specify a transaction or transaction's by providing the date/time/amount.
- Witness statements have been requested, please can you clarify as we only usually provide witness statements for specific ARQ's not all ARQ's requested.

Many Thanks,

**Jason Muir**

Afternoon,

Please see the attached requests.

**Question:** I have been asked that when you produce a witness statement are you able to quote the full PAN number to enable a known PAN to be matched off?

Regards,

Chris Knight
