2	(10.00 am)	2
3	MR BEER: Good morning, sir, can you see and hear	3
4		4
5	SIR WYN WILLIAMS: Yes, I can, Mr Beer.	5
6	I understand that there's been a flurry of	6
7	correspondence from those acting for the Post	7
8	Office in relation to documentation but that	8
9	doesn't necessarily affect the questions you	9
10	wish to put to Ms Cottam; is that correct,	1(
11	Mr Beer?	11
12	MR BEER: Sir, that's right. We've been told by the	12
13	Post Office's representatives that the recent	13
14	discoveries that they have made do not reveal	14
15	documents that concern Mrs Elaine Cottam and so,	15
16	although we plan to discuss the recent	16
17	revelations today, we would propose that we hear	17
18	from Mrs Cottam first and then deal with the	18
19	disclosure issues.	19
20	SIR WYN WILLIAMS: Yes, that sounds fine to me. So	20
21	unless someone in the room is trying to attract	21
22	my attention to say something different, that's	22
23	what we'll do, Mr Beer.	23
24 25	MR BEER: Thank you, nobody is saying otherwise. SIR WYN WILLIAMS: Fine. Thank you.	24 25
	1	
1	witness statement to be displayed the URN is	1
2	WITN09530100.	2
3	Mrs Cottam, you were asked by the Inquiry on	3
4	12 July 2023 to provide a witness statement and	4
5	accompanying that request was a large volume of	5
6	documents that were relevant to the questions	6
7	that we were asking of you, which documents	7
8	dated from your time in the Post Office, and	8
9	you've provided us, we've just established, with	9
10	a witness statement that's two and a half pages	10
11	long, which contains next to no information. Is	11
12	there a reason for that?	12
13	A. I don't know what sort of information you wanted	13
14	me to put in it.	14
15	Q. Well, by way of example, the first question we	15
16	asked you was to set out your professional	16
17	background. You've not answered that at all.	17
18	Is there a reason for that?	18
19	A. No, no, it's just a misunderstanding. I can	19
20	give you that now.	20
21	Q. I'm asking you why you didn't include it in your	21
22	witness statement when we were asking you to.	22
23	A. I don't know. I can't remember being asked to	23
24	do it because I would have done it because	24
25	I have it here.	25
	3	

1	MR	BEER: May Mrs Cottam swear or affirm, please.
2	SIR	WYN WILLIAMS: Yes.
3		ELAINE MARY COTTAM (affirmed)
4		Questioned by MR BEER
5	MR	BEER: Thank you very much, Mrs Cottam, can you
6		see and hear me?
7	Α.	Yes, I can.
8 9	Q.	Thank you very much, my name is Jason Beer and I ask guestions on behalf of the Inguiry. Can
10		you please give us your full name?
11	A.	My name is Elaine Mary Cottam.
12	Q.	Thank you very much for attending remotely to
13	Ξ.	give evidence to the Inquiry, we're very
14		grateful. You should have in front of you
15		a hard copy of your witness statement which
15 16	Α.	I have.
17	д. Q.	
18	Q.	is two and a half pages in length and dated
		31 July 2023; is that right? It is.
19	A.	
20	Q.	On the third page of it, is that your signature?
21	Α.	It is.
22	Q.	Are the contents of the witness statement true
23		to the best of your knowledge and belief?
24	Α.	They are.
25	Q.	For the transcript there's no need for the 2
		E .
1	Q.	The request of 12 July says, "Please set out
2	ω.	
2		your professional background", and you haven't: why not?
4	Α.	It's just a misunderstanding, I didn't know
5		I had to do it because I actually have it
6		
-	~	here.
7	Q.	What are you saying you "have it here"?
8	Α.	Well, I have it written down.
9	Q.	Your professional background?
10	Α.	Yeah, within the Post Office, yes.
11	Q.	So what was the nature of the misunderstanding?
12		You receive a letter which says "Please"
13	Α.	Which letter was it? Because I have my letters
14		here.
15	Q.	12 July 2023 and it says, "Please set out your
16		professional background". What was the nature
17		of the misunderstanding, between whom?
18	Α.	Just between myself and what I was asked for.
19		What date was the letter?
20	Q.	What didn't you understand when
21	Α.	Well, if you can let me find the letter. What

- 22 was the date of the letter, please?
- **Q.** 12 July 2023.
- 24 A. 12 July 2023. August ... well, I've got
- 25 everything in my file in order and I don't have 4

- 1 it. The first letter I've got is just about
- 2 this bundle. I'm sorry, there was no intention
- 3 to mislead but I haven't got it. I'll just have
- 4 a look in the -- I've got three different files
- 5 here, the one from Ashfords --
- 6 Q. They're your solicitors.
- 7 A. Oh, right, so you won't need that one. The
- 8 other one is the same. That's just the same as9 this huge thing I've got here.
- 10 **Q.** Okay, don't trouble yourself with the bundles.
- 11 I'm telling you, you were sent a letter on
- 12 12 July 2023, which led to this witness
- 13 statement being created. The first question
- 14 said, "Please set out a summary of your
- professional background". You appear to haveignored that: why?
- 17 A. I've got -- well, I've just put I was employed
- 18 as a Retail Line Manager, Post Office Counters.
- 19 I don't remember the date I took up this post or
- 20 the date I left. I put that I was responsible
- 21 for 27 post offices, I have that here.
- 22 Q. Is that a full and complete statement of your23 professional background?
- 24 A. With the Post Office, yes.
- 25 Q. Does it say when you joined the Post Office?

- 1 A. 1979, as a postal officer.
- 2 Q. Which branch?
- 3 A. Cleveleys branch but it was a directly
- 4 controlled branch then. It wasn't a modified5 Post Office, as it is now.
- 6 **Q.** What's the significance of that?
- 7 A. I was directly employed by the Post Office, not
 8 like with the modified office, as
- 9 a subpostmaster.
- 10 Q. How long did you work at Cleveleys?
- 11 A. I worked there until 1981, when I transferred to
- 12 Blackpool branch office as an Assistant Manager.
- 13 **Q.** What did you do in Blackpool branch office?
- 14 A. Well, I managed the staff that were there. It15 was basically the counter duties, making sure
- 16 everybody was there on time. Just general
- 17 day-to-day working of the office to make sure
- 18 there was enough cash for everybody, to make
- 19 sure that everybody was balancing correctly, to
- 20 make sure the counters were tidy, clean.
- 21 I was the assistant manager, so the manager
- 22 would have done a lot of the direct transferring
- 23 of cash to them in the morning. I would have
- 24 done a lot of checking their balance sheets.
- 25 Certainly with pension dockets that were then,

1 **A.** No.

2

4

- **Q.** Does it say when you left the Post Office?
- 3 A. This is --
 - Q. Hold on, hold on.
- 5 A. Sorry.
- 6 **Q.** It doesn't say when you joined the Post Office.
 - It doesn't say when you left the Post Office.
- 8 Why not?
- 9 A. No. Because I didn't know that that was asked
- 10 for. I've got that information here and I would
- 11 have included it if I'd have known that's what
- 12 it was. I thought we were talking just about
- 13 the Retail Line Manager's job that I did.
- 14 I didn't know it was from when I first joined
- 15 the Post Office.
- 16 Q. So when you received --
- 17 **A.** It --
- 18 Q. When you received a question that said, "Please
- 19 set out your professional background", you
- 20 understood that only to relate to your job as
- 21 a Retail Line Manager?
- A. Yes, yes, I did. I've written the rest of it
 down because I thought I'd be asked about it
 today, how I got to be this.
- 25 Q. Okay, when did you join the Post Office?
 - 6
- 1 I would sometimes -- I'd list all those for them
- 2 to help them, just generally managing the
- 3 day-to-day running of it.
- 4 **Q.** When did you leave the Blackpool office?
- 5 A. I transferred to Poulton-le-Fylde as a manager6 in 1981.
- 7 Q. How long did you stay there?
- 8 A. I'm not sure when I left there. I went to South
 9 Shore as a manager. But I'm -- I really can't
- 10 remember the dates after that. I wasn't --
- 11 I was the manager at Poulton, then I went to
- 12 another branch office but I really don't know
- 13 when the dates were.
- 14 Q. What was your next job after that?
- 15 A. After Poulton, I went to South Shore, which is
- 16 a bigger branch, and then from South Shore,
- 17 I moved to Preston as the Assistant Manager
- 18 because that was a much bigger office.
- 19 Q. Then after Preston?
- 20 A. After Preston I joined the Retail Line as
- 21 a Retail Network Manager.
- 22 Q. When did you become a Retail Line Manager?
- 23 A. Not sure. I don't know the date.
- 24 Q. Can you remember the decade?
- 25 A. Well, if that was ... I think it was the '90s.

1 2		Let me think. Yeah, it would have been late '90s.	1		having a bad balancing time or they were short
2	~		2		of staff, did I know anybody who could help ther
3	Q.	Late '90s and how long were you	3	~	with the staffing issues?
4	A.	Yeah	4		Could we look, please, at POL00118219.
5	Q.	How long were you a Retail Line Manager for? From I think it was 1979 until I retired when	5	A.	57 6
6 7	Α.		6	Q.	It's going to come up on the screen.
7	~	I was was I 40 or 50? I was 50, I think	7 8	A.	Oh.
8 9	Q. A.	What's the date of your retirement? I don't know. Can't remember.	9		Look at page 5, please. Page 5. Do I scroll it or will it just move?
9 10	A. Q.	What was your job as a Retail Line Manager?	9 10	Q.	
10	α.	What did it involve?	10	ω.	be displayed for you. If we scroll down,
	Δ	It involved overseeing the running of 27 post	12		please. Can you see this is a witness statemen
13		offices. Originally it was 27 and then they did	13		in your name?
14		some sort of shuffling about, where they took	14	Α.	Yes, yeah.
15		the smaller one the smaller offices off, and	15	Q.	This is one
16		I ended up with about 12, I think, of the larger	16		I think
17		offices.	17	Q.	of the documents we provided you back in Ju
18	Q.	What does "overseeing" mean?	18		to help you make a full and helpful witness
		Well, not managing, because they all had their	19		statement. If we scroll up, please, a little
20		own there were subpostmasters, so they ran	20		bit more. Thank you. We can see it's dated
21		their own office, but overseeing that everything	21		16 October 2003?
22		was being done correctly, making sure they were	22	Α.	Yeah.
23		adhering to all the standards that were laid	23	Q.	This is the first witness statement you provided
24		down in the contracts, helping them if they'd	24		in the Post Office's claim against Julie
25		got any trouble with anything. If they were	25		Wolstenholme of the Cleveleys post office, yes 10
1 2 2		Yes. If we scroll down to paragraphs 1 and 2., there is an introduction there where you say	1 2		"I am responsible for a total of 112 post offices throughout the North West area of
3		there's an introduction there where you say	3		England."
4 5	•	then, that's October 2003	4		Just breaking that down, what you told the
5 6		Yeah.	5 6		court back in October 2003, is it right that
0 7	Q.	you were employed by the Post Office as a Retail Line Manager. You were previously	0 7		your responsibilities as a Retail Line Manager included the monitoring of the performance of
, 8		called a Retail Network Manager.	8		subpostmasters as against their contracts and
9	Α.	Yeah.	9		business standards?
10	Q.	There was a title change but not a job change	10	Α.	
11	Α.	Yeah.	11		And you monitored their yearly sales and
12	Q.	and you'd been employed in the Post Office	12		financial performance, together with monitoring
13		since June 1980. Then if we go over the page,	13		their gains and losses?
14		please, you told the court in this witness	14	Α.	Yes.
15		statement that your responsibilities include the	15	Q.	So is that a fair summary of your
16		monitoring of the overall performance of	16		responsibilities as a Retail Line Manager at
17		subpostmasters against their contracts and	17		this time?
18		business standards that are laid down	18	Α.	Yeah, yeah.
19	Α.	Where am I looking? Yeah, okay. Business	19	Q.	You told the court in this statement that you
20		standards laid down, yeah, okay.	20		were responsible for 112 post offices.
21	Q.	You told the court that you also monitor their	21	Α.	Mm. They did change that at a later date. The
22		yearly sales and financial performance, together	22		took the small sorry.
23		with gains and losses.	23	Q.	Who is the "they" in that sentence?
24	Α.	Mm-hm.	24	Α.	Well, the senior management.
05	Q.	You say: 11	25	Q.	Okay.
25					12

4	Q.	Could we look, please, at POL00118219.
5	Α.	Sorry, what am I looking at?
6	Q.	It's going to come up on the screen.
7	Α.	Oh.
8	Q.	Look at page 5, please.
9	Α.	Page 5. Do I scroll it or will it just move?
10	Q.	If you just wait a moment, the right page will
11		be displayed for you. If we scroll down,
12		please. Can you see this is a witness statement
13		in your name?
14	Α.	Yes, yeah.
15	Q.	This is one
16	Α.	l think
17	Q.	of the documents we provided you back in July
18		to help you make a full and helpful witness
19		statement. If we scroll up, please, a little
20		bit more. Thank you. We can see it's dated
21		16 October 2003?
22	Α.	Yeah.
23	Q.	This is the first witness statement you provided
24		in the Post Office's claim against Julie
25		Wolstenholme of the Cleveleys post office, yes?
		10
1		"I am responsible for a total of 112 post
2		offices throughout the North West area of
3		England."
4		Just breaking that down, what you told the
5		court back in October 2003, is it right that
6		your responsibilities as a Retail Line Manager
7		included the monitoring of the performance of
8		subpostmasters as against their contracts and
9		business standards?
10	Α.	Yes.
11	Q.	And you monitored their yearly sales and
12		financial performance, together with monitoring
13		their gains and losses?
14	Α.	Yes.
15	Q.	So is that a fair summary of your
16		responsibilities as a Retail Line Manager at
17		this time?
18	Α.	Yeah, yeah.
19	Q.	You told the court in this statement that you
20		were responsible for 112 post offices.
21	Α.	Mm. They did change that at a later date. They
22		took the small sorry.
23	Q.	Who is the "they" in that sentence?
24	Α.	Well, the senior management.
25	Q.	Okay.
		12

1	Α.	They decided that the larger offices perhaps
2		needed more attention. So the smaller offices
3		were given to another Retail Line Manager.
4		Because they were smaller, they didn't need as
5		many visits, they didn't need as much attention
6		and I think it was that the larger offices just

- 7 needed a firmer hand than perhaps the smaller8 offices.
- 9 Q. So the number after this time, after October2003 came down from 112; is that right?
- 11 **A.** Yeah, most definitely. I don't want to swear to
- it but I think my recollection was I had about
 27. I've tried to work through them but
- I really can't remember how many there were
 exactly.
- 16 Q. You told us in your witness statement for these
- 17 Inquiry proceedings, and you've mentioned it
- this morning, that you were responsible for 27post offices.
- 20 A. Yeah, that's probably about right.
- 21 Q. But when are you talking about then?
- 22 A. Um, when am I talking about then?
- 23 **Q.** le what date?
- 24 A. I can't remember. I can't remember.
- 25 **Q.** You see in this witness statement here,
 - 13
- 1 A. And what date was that? What date was that?
- 2 **Q.** 16 October 2003, as I told you and as we looked.
- 3 A. I'm sorry, I can't remember.
- 4 Q. You think this might be inaccurate, what you5 told the court, then?
- 6 A. We had that many. I remember, when they divvied
- 7 everything up and there were Retail Line
- 8 Managers and then there were -- I worked closely
- 9 with another -- a young man and he had the
- 10 smaller offices; I had the larger offices. But,
- 11 as to the exact number, it's so long ago I just
- 12 can't remember.
- 13 Q. I'll ask one last time. If you made a statement
 14 to the court swearing it to be true in
 15 October --
- 16 **A.** I would have thought that was true at the time.
- 17 Q. Hold on, if you wouldn't mind. If you let me
- 18 finish the question then I'll respect you by
- 19 letting you give a full answer.
- 20 If you made a witness statement to the court
- 21 saying that you were responsible in October 2003
- 22 for 112 post offices, would that be likely to be
- 23 accurate?
- 24 A. I can't remember.
- 25 Q. So you may have written something down that was

1		Mrs Cottam, made much closer to the time, in
2		October 2003 and speaking about your time as
2		a Retail Line Manager managing the Cleveleys
4		post office, you told the court that you were
5		responsible for 112 post offices; is that right?
6	Α.	It was at one time but they changed it and they
7	Α.	just left us with the more senior ones had
8		the bigger post offices.
9	Q.	I'm only interested in what happened in the
10	ч.	period between 2000 and 2003. Does it follow
11		that if we were looking at that period of time,
12		ie before this witness statement was made, the
13		accurate position was you were responsible for
14		112 post offices?
15	Α.	I really can't remember the dates, I really
16		can't.
17	Q.	If you were responsible only for 27 post offices
18		in October 2003, you presumably wouldn't have
19		told the court that you were responsible for 112
20		of them, would you?
21	A.	I really don't remember.
22	Q.	That's not a question about memory; that's
23		asking if you made a sworn statement to the
24		court, which said, "I am responsible for 112
25		post offices", in 2003, that's likely to be
		14
1		inaccurate to the court?
2	Α.	I would have believed it to be true when I wrote
3		it.
4	Q.	Good. What was the nature that can come
5		down, thank you of your dealings or
6		interactions with the 112-odd post offices that
7		you were responsible for?
8	Α.	I don't know what you mean. What was the
9		dealings? It was just day to day.
10	Q.	Would you go into the post offices?
11	Α.	Yes.
12	Q.	It wasn't just phone contact?
13	Α.	No.
14	Q.	How frequently would you go in to the post
15		offices?

- 16 **A.** Depending on the size of the office, it would
- 17 depend on that and it would depend on which
- 18 area. I covered quite a few areas. I went as19 far as Southport. So I would go into Southport
- 20 for a day and -- or even a week, depending how
- 21 many there were, to try to get to see them all.
- 22 You didn't really need -- well, I didn't really
- 23 need to get to see them all because I could
- 24 speak to a lot of them on the telephone.
- 25 They didn't really want you there if they 16

1		were performing correctly but it was my job to	1		
2		visit them all, as and when I could. Some	2		
3		needed more visits than others.	3		į
4	Q.	Averaging things out, how regularly would you be	4		
5		in contact with each branch?	5	Α.	
6	Α.	Some of them weekly. Some of them monthly.	6		1
7	Q.	Thank you. As a Retail Line Manager, to whom	7		1
8		did you report?	8		
9	Α.	Tony Bialchi, he was the he was my manager.	9	Q.	
10	Q.	Where was he based?	10		
11	Α.	He was based in Preston.	11		
12	Q.	Did you have an office in Preston or a base in	12		
13		Preston or did you work remotely?	13		
14	Α.	We worked remotely.	14	Α.	
15	Q.	Were you responsible for managing anyone other	15		
16		than the subpostmasters?	16	Q.	
17	Α.	No.	17		1
18	Q.	So the "Manager" part of your title Retail Line	18		
19		Manager refers to the management of the 112	19	Α.	
20		subpostmasters?	20	Q.	
21	Α.	They split it. They weren't 112 in the end	21		
22		because it was too many and the smaller offices	22		
23		were given to another Retail Line Manager.	23		
24	Q.	I was working on the basis of the answer you	24		
25		gave earlier, that this figure of 112 in your 17	25		
1		told the court back in 2003:	1	Q.	
2		"I first met the defendant, Julie	2		
3		Wolstenholme through her father, Mr Jackson	3		
4		as Mr Jackson was formerly the subpostmaster at	4		
5		Cleveleys modified sub post office.	5		
6		Mrs Wolstenholme worked for her father for	6		
7		a period whilst he was the subpostmaster at	7		
8		Cleveleys post office."	8		
9		Is all of that accurate?	9		
10	Α.	Yes.	10		
11	Q.	In paragraph 5 you told the court:	11		
12		"In 1999, I became aware that Mr Jackson was	12		
13		ill and that had been trying to sell his post	13		
14		office. During my discussions with him	14		
15		regarding the possible sale, we discussed the	15		
16		possibility of a family transfer being made to	16		
17		Mrs Wolstenholme. In or about September 1999,	17		
18		I met with Mrs Wolstenholme, Mr and Mrs Jackson	18		
19		and Mrs Wolstenholme's former partner, Roger	19		
20		Harrison at the flat above the post office	20		
21		premises where we had a general chat about the	21	Α.	
22		possible family transfer of the post office to	22	Q.	
23		Mrs Wolstenholme."	23		,
24		Is that all accurate?	24		
25	Α.	Yes.	25		į
		19			

		statement was likely to be correct. We're not
		interested in anything that happened, in fact,
		after the end of 2003 with you as a witness. So
		I'm not asking about how things developed
	Α.	I really don't remember. I mean, if I've put
		that in the statement then I must have thought
		that at the time but I don't remember having
		112.
	Q.	Can you recall being part of the team that
)	ω.	recruited Mrs Wolstenholme, Julie Wolstenholme,
1		to the position of subpostmaster at Cleveleys
2		post office and the transfer of the Post Office
3		from her sick father to her?
4	Α.	The team? I don't know what you mean about the
5	_	team.
3	Q.	Were you one of a number of other people that
7		were involved in the process of transferring the

7		Mrs Wolstenholme, do you bring this information	7	
8		into account: that you spoke to her honesty just	8	
9		a few months before?	9	~
10	А.	Yes. I had to as it was later, Julie was the	10	Q.
11		subpostmistress and she worked very closely	11	
12 13		which I wasn't aware of at the time but I soon	12	A.
13 14		picked up on when I was going to the office	13	Q.
14		she worked very closely with her husband and he was heavily involved in the day-to-day running	14 15

18		was going to be the case when Julie was	18

20	Q.	Why are you telling us this?	20	Q.

19		That was your overall assessment of	19	Α.
20		Mrs Julie Wolstenholme, yes?	20	
21	Α.	Yes. Yeah.	21	
22	Q.	So you were positively and rather strongly	22	Q.

24	Α.	I recommended her, yes.	24	Α.

- A. No. I would rather not.
- Q. Are you hinting that you think he was the
- dishonest one, not her?
- A. I'd rather not say.
- Q. Was that --
- A. I've no proof at all of that. But he was
- heavily, heavily involved in the day-to-day
- running and the financial aspects of that office.
- 10 **Q.** Did you have this suspicion without proof at the 11 time?
- 12 A. Yeah, I still have no proof of it.
- 3 **Q.** But did you have the suspicion without proof
- l4 back in 2000 --
- 15 **A.** Yes.
- 6 Q. -- when you terminated her contract?
- 7 A. I didn't terminate her contract on that;
- 18 I terminated her on the balance of the evidence19 that I had.
- 20 Q. Was that in your mind when you terminated?
- 21 A. No. It was on the evidence that the office

- 24 Q. Can we go to page 43, please. Your "Overall25 Assessment". You said:

- page 44 -- to Mrs Wolstenholme for the subpostmastership of Cleveleys on 9 November 1999, yes? Yes, I can't see that far down there. Oh, yeah 9 November. First sentence: "I am delighted to inform you that your application ... has been successful." Yeah. The date is in the top right, 9 November 1999? Yeah. Then within a couple of months after that, is it right that the Horizon system was installed into this branch? I don't remember the date. Can we look, please, at page 7 of this bundle. This is your statement to the civil court back in 2003. I didn't know there was a civil court. The first I knew that there'd been a court case was when I got this bundle of documents. You provided this witness statement to the civil court? I don't remember doing that.
 - Q. It's got your name and your signature on it.28

1	Α.	It may have but I don't remember doing it.

19		If you told the civil court that in this

1	Q.	Mrs Cottam,	vou're	aettina	a bit	ahead	of where

- 2 we want to go. At the moment, I'm just asking
- 3 you the question that you appear, is this right,
- 4 in a statement made to the court in October 2003
- 5 to have exhibited some Horizon Helpdesk call
- 6 logs as your exhibit EMT1, and --
- 7 A. Which court was this? I haven't been to court.
- 8 **Q.** No, it never reached court. Post Office
- 9 settled.
- A. Oh, right, well -- I didn't even know there'd
 been any sort of court case until I got this
- bundle of documents.
- 13 Q. We've got a witness statement from you signed
- 14 with a witness statement of truth, which says,
- 15 "I attached to this witness statement 84 pages
- 16 of call logs and my analysis of them". Okay?
- 17 Let's start on the basis that that is what this
- 18 document shows. So these 84 pages of Helpdesk
- 19 records and your analysis of them are just --
- 20 A. I do not remember that at all.
- 21 Q. Maybe I wouldn't blame you because it's 20 years22 ago, almost to the day.
- 23 A. Yeah, right. I don't remember. I don't
- 24 remember that at all. I mean I'm sure --
- 25 28 pages? I just --
- 33
- why were you telling court what the Helpdesk's
 records showed when you A. Because that's what the Helpdesk would have
 shown me.
- 5 Q. Let's just --
- 6 A. I don't understand these. Don't understand
- 7 them. I don't know what it's saying, "Gateway
- 8 is now stuck at 3%". That means nothing to me.
- 9 Q. As I said, in about half an hour or so, I'm
- going to be asking you some questions aboutthat?
- 12 A. Oh, right.
- 13 **Q.** Let's just look at what the documents are to
- 14 start with, if we can, Mrs Cottam. You see, the
- 15 first one on this page, 9 February, over the
- 16 page, please, another call on 9 February. Over
- 17 to the next page, please, another call on
- 18 9 February. Page 161. Sorry, page 51 --
- 19 A. What --
- 20 Q. -- another call on 9 February, yes? The date of21 installation. Over the page.
- A. What am I looking at the -- what am I supposedto be looking at these?
- 24 **Q.** All I'm doing at the moment is reminding you of
- 25 the number and nature of the Horizon Helpdesk 35

- 1 Q. No, it's 84 pages --
- 2 **A.** No.
- 3 Q. -- between pages 28 and 112, and I'm going to
- 4 look at them, if we may. So if we turn to
- 5 page 48 in this bundle, this is the first page
- 6 of that exhibit, EMT1. Okay?
- 7 A. The first I've seen of these is when I got this8 bundle of papers. I haven't seen these before.
- 9 Q. You didn't see them back in 2003 when you were
- 10 making this witness statement to the court?
- 11 A. Not that I remember.
- 12 **Q.** In any event, they're attached to your witness
- 13 statement made to the court, and the first of
- 14 them is dated 9 February 2000; can you see that?
- 15 A. Yes, I can see that.
- 16 **Q.** Basically, over the next 84 pages there are
- 17 further call logs and then an analysis of them
- 18 had you prepared, according to your witness
- 19 statement at the time?
- 20 A. I don't remember making any analysis of this at
- 21 all, I just don't remember having to analyse
- 22 these at all. I don't think I would really
- 23 understand it.
- 24 **Q.** That's one of the things I'm going to be asking
- 25 you about in probably about half an hour's time: 34
- 1 call logs that you exhibited to your witness 2 statement on 16 October 2003. 3 Α. Well, I would have requested these. I wouldn't 4 have seen them. I don't remember these at all. 5 Q. Let's carry on. 10 February, so we've got 6 a handful on the day of installation, the 9th, 7 and then more on 10 February and then, over the 8 page, another call on 10 February. 9 Over the page, another call on 10 February. 10 Over the page, another call on 10 February. 11 Over the page, another call on 10 February. 12 Over the page, another call on 10 February. 13 Over the page, another call on 10 February. 14 And so it goes on, do you see? 15 A. Yeah. Then if we go forwards to the --16 Q. 17 Α. Who's the caller on this? Mr Harrison. But 18 he's not the postmaster, is he? Q. What's your point? 19 20 A. Well, he doesn't feature very heavily anywhere, does he? And yet his name's on all these now. 21 22 Q. What's your point? 23 A. Well, it says, "Title: Postmaster", and he 24 wasn't, was he? 25 Q. What's your point? 36

1	Α.	Well, he's not the postmaster. So is that
2		correct?
3	Q.	What do you mean: is it correct?
4	Α.	Well well, nothing. It doesn't matter.
5	Q.	Is this the suspicion without proof issue
6		raising its head again?
7	Α.	I'm not going down that line at all.
8	Q.	I thought you just did?
9	Α.	Well, I'm just saying here it says that the
10		caller was Mr Harrison and he's the postmaster
11		and he wasn't.
12	Q.	If we go to the last of the documents in your
13		exhibit, if we look at page 115, please. You'll
14		see this is dated 21 June 2000 and the caller is
15		Julie, the postmaster. Yeah?
16	Α.	Yeah.
17	Q.	In your witness statement, you said that you
18		were exhibiting the calls, if you remember.
19	Α.	No, I don't remember.
20	Q.	All right, well, I'll read it out to you.
21	Α.	Okay.
22	Q.	Between the period 10 January 2000 until
23		30 November 2000 in fact, the calls that were
24		exhibited are between 9 February 2000, the day
25		of installation, and the last one is on 21 June
		37
1		witness statement start at page 48.
2	Α.	I'm sorry, I'm lost.
3	Q.	That's why I haven't asked you to look at any
4		documents in a pack in front of you because
5		people tend to get lost and, instead, I've
6		displayed them on the screen.
7	Α.	Page 48 of what am I looking at? Because my
8		page 48 is just about general subpostmasters.
9		It's not I don't know what I'm looking at.
10	Q.	
11		displaying on the screen, then.
12	Α.	Yeah, but yeah, yeah.
13	Q.	
14		2003 I'm sorry if you find this
15		uncomfortable.
16	Α.	I'm sorry. Can I just have a break at the
17		moment here because I don't I'm not
18		remembering any of this. Can you just give me
19		five minutes, please?
20	SIR	WYN WILLIAMS: Yes, of course.
21		BEER: Of course.
22		I wonder whether we might take a 15-minute
23		break now.
24		Ah, sir, you're back. I wonder if we might
25		take a 15-minute break now.

9		this at all.
10	Q.	If you were approached in 2003 to make a witness

12		the things that you did was attach to your

14		Do you see that?
15	A.	I do, but I didn't write all this.
16	Q.	Who wrote it?
17	Α.	I know I was heavily involved with the Contracts
18		Manager, who was called Paul, but I didn't write
19		all this.
20	Q.	You said you were heavily involved with the
21		Contracts Manager, Paul?
22	Α.	Yeah.
23	Q.	What was Paul's surname?
24	Α.	I think it was Paul Williams. There was also
25		somebody called Rebecca Robinson. She was
		42
1		was like that, I would have always put through
2		them first, because they would know the
3		technicalities of it, "Oh you can't say that",
4		or "You've got to quote this", or "You've got to
5		quote the other". So I may well have signed
6		lots of letters.
7	Q.	Again, just to be clear, this isn't a letter;
8		this is a witness statement to the civil court

10	Α.	The civil court?
11	Q.	Yes, the Blackpool County Court.
12	Α.	I don't remember that. I don't remember that at

21	A.	Yeah.
22	Q.	It's the bit that's highlighted.
23 24	Α.	I would not I would not have prepared I may well have signed it and not really
24 25		understood what I was signing it, but I wouldn't

2	Q.	Let's just look at the analysis of the call
3		logs. They start at page 118. It's going to

5	Α.	Yeah, I've got them all here.
6	Q.	Can you see a reference number is given in the

9	Α.	Yeah.
10	Q.	Priority and severity is rated; when the call
11		was opened and closed is given?
12	Α.	Yes.
13	Q.	Which FAD, which branch or site

20	Α.	Yeah.
21	Q.	Did you remember this?
22	Α.	No, I would never see these. No. Never seen

24	Q.	Can you help us as to how it came about that

1	Α.	I don't think it was the kind of thing I would

3		Horizon. So I didn't know how to use it. So,
4		if they were asking questions about it,
5		I wouldn't have been able to answer.
6	Q.	Okay. Can we just look at some documents, then,
7		some underlying material, to see what the

9		asking you these questions, just so that you
10		know in advance, is when we come to the

12		ask you some questions about your own personal
13		knowledge of problems with Horizon and the
14		extent to which that was brought into account in
15		decision making. Okay? That's why I'm asking
16		you about these issues.
17		Can we start, please, with FUJ00121246.
18		I'm sorry, Mrs Cottam, there's just a delay

3	Q.	Why wouldn't the subpostmaster call in?
4	Α.	Well, she probably did
5	Q.	No, she didn't. You did.
6	Α.	or he did. We were looking for some advice
7		from somebody.
8	Q.	Sorry, did you say "or he did"?
9	Α.	I don't know, I can't remember.
10	Q.	Was that slipping into the suspicion without

12	Α.	Well, I wouldn't like to say.
13	Q.	Well, but you just did.
14	Α.	Well, I'm sorry I did.
15	Q.	Anyway, this is a record of a call made at 8.05
16		in the morning by you, and I'm asking why would
17		you be calling in?
18	Α.	Because they probably would have rung me and
19		said that "We've not been able to roll over and
20		what can we do?" So I only lived locally, so
21	~	I went. I must have gone.
22	Q.	Okay. If we look at under all of that black and

9		the caller is Elaine Tagg, the RNM, the Retail

11	Α.	Yeah, I can.
12	Q.	The problem is recorded as:
13		"The system keeps crashing and IS DOING 3 or
14		4 times a day and is getting worse. They have
15		had several base units installed but the problem

17		Yes?

16	Α.	Yeah.
17	Q.	Let's look at what it records by looking at

7	Α.	Yeah, so I must have called them because	7
8		well, I don't well, they must have asked me	8

10	Q.	Anyway, you're recorded as not being very happy	10

6	Q.	What was rolling over?	6
7	Α.	You would balance on the Wednesday night and	7
8		then you rolled it over to the Thursday to start	8

8	Α.	No, no.

13	Α.	If there were known errors and this was the

9	Α.	I'm giving the calls? Me?

- 6 A. I don't remember it. I don't remember it and
- 7 the very first time I knew there'd been a court

- 12 Q. So you can't help us why the call log recording

- 19 **A.** No, no, I can't see it.
- 20 **Q.** Three weeks before she was suspended?
- A. Am I supposed to be looking at this now? Isthis on here?
- 23 Q. I simply don't understand what you're asking24 now.
- 25 A. Well, I don't understand what you're asking me.

Inq	uiry 7 November
Q.	So you're telling the court there, "I am
	exhibiting call logs between 10 January and
	30 November". We've seen that
Α.	l don't
Q.	We've seen that the call logs that you in fact
	exhibited are between February and June. They
	therefore didn't include this November one.
Α.	I don't know where I don't understand this
	because I wouldn't have been able to I didn't
	have any call logs.
0	I'll ask the question very generally. Why is it
	that your statement says you're exhibiting call
	logs between 10 January 2000 to 30 November 2000
	and, in fact, the call logs that are exhibited
	are between February and June 2000?
Δ	I don't know. I don't remember this document at
7.0	all. I just don't remember this at all.
0	Can you help us how it is that
	I will help you as much as I can but, really,
Π.	I don't understand where all this is coming
	from. Am I supposed to have written all this?
	I might well have signed it but I don't remember
	all this.

Q.	Do you think somebody has fabricated your
	signature on this witness statement?
	Q.

- 18 A. Well, I don't know if that's the case or not but
 19 I didn't know anything about the court case and
 20 I wasn't called to the court case.
- 21 Q. As I said, it didn't reach court because the22 Post Office settled.
- 23 A. Oh. But I didn't know anything about it. You
- 24 would have thought that they would have at least
- 25 approached me about it. They must have wanted

6	Α.	August 2004. I just don't really understand

8		really. What I haven't got copies of the

10		I don't understand.
11	Q.	If you had called in about a problem with the
12		Horizon system that can come down, thank
13		you if you had called in about a problem with
14		Horizon, about it adding sums on rollover on
15		2 November 2000, you would want to take that
16		into account, wouldn't you, when deciding
17		whether to suspend Mrs Wolstenholme three or so
18		weeks later?
19	Α.	Well, she was only suspended it might have
20		been that we suspended her while we looked at
21	_	the whole thing. I really can't remember.
22	Q.	Well, that was my next question.
23	Α.	I would've taken advice before suspending her.
24		I wouldn't have done that often my own bat.
25		I would have gone to the talked it through 69
1		Manager about this letter.
2	Q.	It was your decision to suspend her, wasn't it?
3	Α.	Yes, but I wanted to make sure that it was
4		contractually correct, as I signed the letter,
5		and that was the case with most of these
6		letters.
7	Q.	I think we've agreed that it was you that
8		suspended her, yes?
9	Α.	Oh yeah, it would have had to be me.
10	Q.	What investigations did you carry out before
11		suspending her?
12	Α.	Well, it was an ongoing investigation, really.
13		It was to do I'd been in the office quite
14		a lot, we were looking at all the different
15		things that were happening and there was lots of
16		cash losses and gains. The Bureau de Change was
17		overstated or understated. Lots of things were
18		taken into account.
19	Q.

- 25 A. Yes.

- with the Contracts Manager.
- 2 Q. When you said she was "only suspended", what did 3 you mean by that?
- 4 A. Well, suspended while we investigated.
- 5 Q. When you investigated and she was saying, "I've 6
 - not taken money, I've not mismanaged money, I've been complaining for the past nine months
 - regularly to the Horizon Helpdesk about this
- 8 9 system", would you have got the call logs then,
- to see whether what she was saying was true? 10
- 11 A. I don't know.
- 12 **Q.** Would you think that's a sensible thing to have 13 done?
- 14 A. It might have been. It depended what other information I'd got at the time. 15
- **Q.** Can we look, please, at POL00118219, at 16
- 17 page 179, please. If we just go back a page,

them:

- 21 **Q.** You told her that you wrote on 30 November 22 confirming her suspension and that was your
- 23 decision to suspend, wasn't it?
- 24 A. Not only mine and I wouldn't have drafted this
- 25 letter. I would have gone to the Contracts 70

1	Q.	So did you check the call logs to see whether
2		what she was saying was true and what had been
3		done about her complaints?
4	Α.	No, I didn't even really know about call logs
5		existed at that time.
6	Q.	But three or four weeks before you suspended her
7		on 30 November, you yourself had been
8		complaining to the Helpdesk about Horizon adding
9		a sum on rolling over. So you knew
10	Α.	Well
11	Q.	that what she was saying was true, didn't
12		you?
13	Α.	Well, I didn't know it was true. How would
14		I have known it was true? I just said that
15		that's what had happened. I didn't see it
16		happen.
17	Q.	So what investigation did you carry out to see
18		whether it was true?
19	Α.	I can't I couldn't have investigated that.
20		That was, like, a technical issue.
21	Q.	In any event, as we can see here, you say you
22		wrote on 30 November confirming suspension.
23	Α.	Mm-hm.
24	Q.	"I have now reviewed papers", you're reviewing

1		"I am considering the termination of
2		your contract"
3	Α.	Yeah.
4	Q.	In the fourth line of the next paragraph, you
5		say:
6		"The excessive number of error notices

8	A.	Yeah.
9	Q.	During final audit, there were four error
10 11	Α.	notices. Yeah.
12	Q.	Next paragraph:
12	ω.	"Your failure to account for official cash
14		and stock properly, ie your refusal to operate
15		the Horizon system is you clear breach of
16		your contract."
17	Α.	Yeah, and it was that letter was drafted for
18		me well, the basis of it was drafted for me
19		by the Contracts Manager because I wouldn't have
20		known which what to say, the "section, para
21		this, this, and the other".
22	Q.	So when Mrs Wolstenholme was saying, "The reason
23		why I am now refusing to use the Horizon system

3	Α.	Well, we'd been to the we were backwards and

5		then, and it that was not the only reason she
6		was suspended.
7	Q.	I'm talking about post-suspension now; I'm
8		talking about termination now.
9	Α.	Yeah.
10	Q.	What investigation did you carry out to judge
11		the accuracy or reliability of the things that
12		Mrs Wolstenholme was saying in her defence?
13	Α.	Well, it wasn't the Horizon system. That wasn't
14		the only reason that she was suspended. It was
15		about the error notices that weren't being
16		brought to account. There was a lot of that.
17		Despite letters, and I remember hand delivering
18		these letters saying, "You need to bring these
19		to account", and that was not done.
20	Q.	Would the calls made by a subpostmaster to the
21		NBSC, the two forms of Helpdesk, be taken into

23	Α.	Yes, yes, they would. But it wasn't all down to

2	Α.	The auditors would have gone in and done that,

7	~	I didn't do the audits. The auditors went in.
8	Q.	Do the auditors rely on what the cash and stock

11	Α.	They I can't say what the auditors did. They

		The Pos
1		have gone in and they would have done all that,
2		the full audit trail.
3	Q.	What did auditors do? Did they just check stock
4		and balance on the day that they went in and
5	Α.	They did everything. They checked everything.
6	Q.	What does everything mean?
7	Α.	Well, everything that they would need to do.
8		I don't know what an Audit Team did when it went
9		in. I know it checked cash and stock, it used
10		to go back through to in some cases, they
11		would recall pension documents to make sure that
12 13		they were listed correctly, they weren't overstated or understated. What else would they
13		go to? They would look at all remittances in,
15		remittances out. So that's what the full audit
16		trail would do.
17	Q.	What product did you get from the Audit Team
18		when you were deciding whether to suspend or to
19		terminate?
20	Α.	I can't remember.
21	Q.	Was it done by way of conversation?
22	Α.	It was um, I can't remember. The Audit Team
23		might have a record of it. It would have been
24		done over the telephone originally and I would
25		have gone to the Contracts Manager and said 81
1		implement the checking procedures we discussed

14	Α.	It would appear so but I think that was an if
15		I I don't remember it, but if it that
16		would have been a good a good way of sort of
17		double checking what was going wrong and what
18		what she thought was going wrong and what

- 21 miscalculated by Horizon system, she should have
- 22 been recording it and recording all error
- 23 notices received because I left her a pro forma
- 24 for that because they weren't bringing error
- 25 notices to account.

- they'd had the audit or whatever.
- 2 Q. Do you remember being concerned about what
 - Mrs Wolstenholme was telling you at the branch, to an extent that you suggested that she maintained a mirror system, a manual record, of transactions that she believed was being
- 6 7 miscalculated by the Horizon system?
- A. No, I don't remember that. 8
- Q. She -- Mrs Wolstenholme, that is -- has given 9
- 10 evidence to the Inquiry that you told her that
- 11 you need to maintain, essentially, a side record
- in writing, handwritten record, of transactions, 12
- 13 in particular the transactions that you feel
- 14 have been miscalculated by the Horizon system.
- 15 Do you remember that?
- 16 A. I do not.
- 17 Q. Can we look, please, at POL00118219, at
- 18 page 165. This is a letter to her dated
- 19 3 November 2000 and if we look at the second
- 20 page over the page, we can see it's your letter,
- 21 yes? Go back to the first page, please. So
- 22 this is two days after you've been phoning the
- 23 Helpdesk. If we go to the foot of the page,
- 24 please, in the last paragraph, you said:
- 25 "I must strongly advise you to immediately 82
- 1 Q. Was it usual to tell postmasters to maintain
- 2 a manual side record?
- 3 A. In this case, it certainly was.
- 4 Q. So it was usual or was not usual?
- 5 A. It wasn't usual but it was a double check to 6 make sure everything was going correctly, that 7 was being recorded correctly.
- 8 Q. Did you obtain a copy of such a manual record 9 from her?
- A. I can't remember. I haven't got anything in the 10 11 files, so I can't remember.
- There's certainly nothing exhibited to your 12 Q.
- October 2003 witness statement concerning it. 13 14 Can we go back to your witness statement,
- 15 please, at the same volume, page 8. In
- paragraph 12, you told the court that 16
- 17 Mrs Wolstenholme persisted in calling the
- 18 Helpdesk but these problems related to the use
- and general operation of the system and were not 19
- 20 technical problems relating to the system. 21 How were you able to say that the problems 22 of which she was complaining were not technical
- 23 problems relating to the system?
- 24 Α. I would have asked the helpline what sort of
- 25 problems were they.

- Q. How would you have asked? Who would you have
 asked?
- 3 A. I would have asked one of the managers.
- 4 Q. This is you telling the court that it shouldn't
- 5 be concerned with any problems with Horizon,6 isn't it?
- 7 A. Is it? Where's the interpretation of that?
- 8 Q. I'm sorry?
- 9 A. I don't understand what you're saying. Are you
 10 saying that I'm telling them that --
- 11 Q. "Court, don't worry about Horizon in
- 12 Mrs Wolstenholme's case. All of her calls are
- 13 about her use and operation of the system.
- 14 They're not technical problems concerned with
- 15 the system itself."
- 16 A. Oh, yeah so --
- 17 Q. I'm asking you what evidence you had for that?
- 18 A. Because of the number of error notices that were19 coming back.
- 20 Q. How does the number of error notices demonstrate
- 21 that the dozens and dozens and dozens of calls
- 22 that she made to the Horizon Helpdesk did not
- 23 concern technical problems?
- 24 A. Because they were like overstating of pensions
 - or understating of pensions or dockets were 85
- 1 Q. -- the latter of which was about the system
- 2 adding a figure on rollover. Why did you tell
- 3 the court that Mrs Wolstenholme's calls were not
- 4 technical problems relating to the system?
- 5 A. I don't know. I don't even remember that.
- 6 Q. In the last paragraph --
- 7 A. I'm sorry. I can only surmise because of the
- 8 number of error notices we were getting.
- 9 **Q.** Okay. Last sentence in that paragraph, you move
- 10 to problems at other branches --
- 11 **A.** Yeah.

- 12 Q. -- and you say:
- 13 "Whilst there were some problems at other
- 14 branches, they were not insurmountable and were
- 15 often due to the system crashing or general
- 16 teething problems."
- 17 **A.** Yeah.
- 18 Q. Where did you get the information from to make19 that statement in your witness statement?
- 20 A. Because I was visiting other offices to see how
- they were going on and I was assessing itagainst that.
- 23 Q. So that last sentence is based on your24 experience of the other 111 branches?
- 25 A. I didn't -- at that time, I didn't have 111

- 1 missing or -- they were -- it --
- 2 Q. She wasn't calling Helpdesk about those, was3 she?
- 4 **A.** No.

7

- 5 Q. She was calling the Helpdesk about problems with
- 6 Horizon. We've seen three calls today already,
 - where you joined in on the call, complaining
- 8 about problems with Horizon?
- 9 A. Well, I took her word for it at the time.
- 10 Q. So why did you tell the court that the problems11 of which she was complaining were not technical
- 12 problems relating to the system?
- 13 A. Where is this? Which court? I've not been to14 court?
- 15 Q. It's on the screen.
- 16 A. I haven't been to court.
- 17 **Q.** Tell the court in a witness statement, this
- 18 witness statement that we're staring at.
- 19 A. I'm sorry, you'll have to explain to me what
- 20 I'm -- what -- I'm lost now. You'll have to
- 21 explain to me what I'm supposed to be seeing.
- Q. We've seen three call logs this morning where
 you yourself joined in the calls to the Helpdesk
 concerning problems with the Horizon system --
- 24 concerning problems with the Horizon system --25 A. Yeah.

SIR WYN WILLIAMS: Is that correct? 8 MR BEER: It is. 9 SIR WYN WILLIAMS: Very well, then, that's the end 10 of your session, Mrs Cottam. Thank you for 11 12 coming to give evidence to the Inquiry, I'm 13 grateful to you. 14 THE WITNESS: Thank you. MR BEER: Sir, we now turn to the disclosure issue. 15 16 I don't know whether it will be convenient to 17 you to take a short break now. SIR WYN WILLIAMS: Yes, by all means. What do you 18 19 suggest, Mr Beer? 20 MR BEER: Just 15 minutes so we can all reorientate 21 ourselves in time and place --22 SIR WYN WILLIAMS: Fine. 23 MR BEER: -- and deal with disclosure. 24 SIR WYN WILLIAMS: So that means we return at 12.40, 25 is that it?

14	MR BEER: After Mrs Cottam, we were scheduled to	14
15	hear from Mr Stephen Bradshaw this afternoon,	15
16	Teresa Williamson and Mr David Posnett tomorrow,	16
17	and Natasha Bernard on Friday.	17
18	There's a significant and urgent matter that	18
19	I need to raise before we proceed to consider	19
20	the evidence of any of those witnesses. The	20
21	Core Participants are aware of the issue because	21
22	they were informed by the Inquiry by email	22
23	yesterday afternoon of the issue and received	23
24	the correspondence that I am about to refer to	24
25	yesterday afternoon, and correspondence that was 89	25
1	Mr Jackson stated that the consequence of	1
2	that work was:	2
3	"Data sources have been and continue to be	3
4	identified and the potential relevance of which	4
5	will need to be assessed.	5
6	"The Post Office believes that its	6
7	understanding is now significantly advanced.	7
8	However, because of some factors set out in	8
9	an earlier letter to the Inquiry and also	9
10	difficulties with the availability of corporate	10

13	and the potential relevance of further	13
14	repositories, other data sources and material	14
15	not yet either fully harvested or fully reviewed	15
16	continues."	16
17	Mr Jackson noted in particular that he	17
18	wanted to expand upon the Microsoft Exchange	18
19	issue. As we understand it from that letter,	19
20	the issue is as follows, and I'm quoting in	20
21	large part directly from the letter.	21
22	Firstly, Post Office from the point	22
23	approximately of de-merger from Royal Mail Group	23
24	in 2012 operated an email gateway platform	24

received overnight, they received this morning. They are all aware that the Inquiry has, in the time permitted, been considering it on an urgent basis. On Thursday afternoon of last week, the Inquiry received a five-page letter from the Post Office's recognised legal representative, Mr Chris Jackson of Burges Salmon LLP. The letter was entitled "Post Office Horizon IT, Post Office disclosure, structural update as incoming RLR", ie recognised legal representative. It discussed a number of matters and in particular the letter addressed an issue that I'm going to refer to the Microsoft Exchange/365 issue, a copy of the letter you have, sir, and has been provided to all Core Participants, so I'm not going to read it all to you now. In summary, it stated that the Post Office had been undertaking what was described as "a structural review" and "related ongoing work" which had been referred to by Mrs Diane Wills, the Post Office's Inquiry Director, in her witness statement, given for the purposes of the disclosure hearing back on 5 September 2003. 90 platform called Mimecast. Proofpoint: "... amongst other things, created an archive of all emails sent from or to postoffice.co.uk email addresses, sometimes known as journalling." The platform was: "... intended and presumably believed to capture all emails sent and received along with attachments during its period of operation." He continued: "The technology behind the interaction of these email systems is complex and is still being investigated. However, Post Office's

current understanding is that Microsoft Exchange and, before that, Lotus Notes, is the enterprise mail server that serves individual mail boxes as accessed by users through email applications, such as Microsoft Outlook." Mimecast and, before that, Proofpoint, operates as an additional gateway between Microsoft Exchange and the onward and inward transmission of emails and, in doing so, performs various functions, including the journalling of all inbound and outbound emails.

> As a result, the Post Office explain that: 92

1	"Conceptually, platforms, such as Mimecast,
2	should contain the fullest possible record of
3	inbound and outbound emails, particularly given
4	that they have much longer retention periods
5	than Microsoft Exchange."
6	In around 2016, Microsoft was sorry,
7	Mimecast was introduced and the Post Office
8	understands that Proofpoint was migrated into
9	Mimecast. On that logic, he continues:
10	"There should have been continuity of email
11	data in Mimecast from 2012 onwards."
12	The Post Office understands, he said:
13	" that Mimecast was used as the source
14	for email harvesting for the Inquiry and also
15	for the Group Litigation."
16	The Post Office understands that 300 plus
17	email accounts have been harvested from Mimecast

1	The solicitor to your Inquiry asked that the
2	Post Office informed the Inquiry by 5.00 pm on
3	Friday the extent to which the Microsoft 365
4	issue may affect or afflict this week's
5	witnesses.
6	At 5.19 on Friday, the Post Office, via
7	Herbert Smith Freehills, wrote to the Inquiry,
8	and noted:
9	"We have run address book searches on
10	Microsoft Exchange/365 for all of the witnesses
11	giving evidence in the week commencing
12	7 November. These searches will run for the
13	individual's email addresses and any aliases
14	within the address book on Exchange/365. No
15	Exchange data has been located for the witnesses
16	scheduled to give evidence next week other than
17	Stephen Bradshaw and Dave Posnett.
18	"Peters & Peters have completed their review
19	of the material identified using these searches
20	for Messrs Bradshaw and Posnett and they are
21	working with KPMG to produce these documents
22	today if possible or as soon as possible
23	thereafter. We understand from Peters & Peters
24	that production is currently expected to
25	comprise of approximately 500 documents.

1	Sir, those documents that were received,
2	were received late. They are said to respond to
3	Rule 9 notices made by the Inquiry on 3 December
4	2021, 15 June 2022 and 17 August 2022, with
5	a small number of documents said to be otherwise
6	of interest.
7	It goes without saying that those documents
8	were extremely late, in some cases responsive to
9	requests for disclosure made by the Inquiry
10	nearly two years ago.
11	It also appears that some of them may be
12	materially similar, however, to other documents
13	already disclosed by the Post Office.
14	Sir, members of your legal team worked over
15	the weekend to review those 421 documents ahead
16	of this week's witnesses. That's part of
17	a pattern of work to try to ensure that these
18	Phase 4 hearings can go ahead as planned and, in
19	Mr Blake's case, who had the lion's share of the
20	421 to read, tireless work.
21	The position yesterday afternoon was that
22	the Inquiry was proposing to proceed with all of
23	the witnesses listed to be heard this week.
24	Mr Blake and I had got on top of this new
25	material, the 421 documents. 99

1	"The Post Office is urgently running further
2	searches for the witnesses for whom no material
3	could be found via an alternative mechanism,
4	namely party-based searches, ie searches based
5	on who was a party to an email. Out of
6	an abundance of caution, this secondary
7	mechanism will also be run in relation to
8	Mr Bradshaw and Mr Posnett. No data was found
9	using this search for Mrs Cottam.
10	"The Post Office is still testing whether
11	other search mechanisms might yield further
12	documents, eg proximity searches based on the
13	name which appears in a person's email address.
14	"This work is being conducted urgently. We
15	will provide a further update and any documents
16	that have been identified on Monday,
17	6 November."
18	At 8.24 pm on Friday, the Inquiry received
19	421 documents from the Post Office and at
20	9.01 pm the Post Office provided a cover letter
21	to the production of those 421 documents
22	explaining that these documents were identified
23	as a result of address book searches on
24	Exchange/365 relating to Stephen Bradshaw and
25	Mr David Posnett.

1	At 8.29 pm last night, the Post Office sent
2	a further letter to the Inquiry. Given its
3	significance, I'm going to read the relevant
4	parts of it into the record.
5	If you've got it, sir, it's letter 8.29 pm
6	last night, from paragraph 2 onwards:
7	"In our email of 3 November 2023, we
8	provided an update on the production of
9	documents from Exchange/365 in relation to the
10	witnesses who were giving evidence in the week
11	commencing 7 November. We explained that the
12	Post Office had conducted address book searches,
13	ie searches run for individual email addresses
14	and any aliases within the address book on
15	Exchange/365, and was urgently running
16	additional party-based searches, ie searches
17	based on who was a party to an email, in
18	relation to this week's witnesses. We're
19	writing to provide a further update in relation
20	to the witnesses giving evidence this week.
21	"The Post Office does not currently
22	anticipate producing any additional documents
23	from Exchange/365 in relation to Elaine Cottam,
24	Teresa Williamson or Natasha Bernard. However,
25	for the reasons outlined below the Post Office 100

1	is unable to provide the same reassurance in
2	respect of Stephen Bradshaw and Dave Posnett."
3	The letter then addresses the position of
4	Elaine Cottam in its paragraph 4. As we've
5	heard from Mrs Cottam, I'm not going to read it.
6	Moving on to paragraph 5 under the heading,
7	"Stephen Bradshaw, Tuesday, 7 November 2023":
8	"On Friday, 3 November 2023, the Post Office
9	produced 382 documents."
10	Just stopping there for your note, that's
11	the part of the 421:
12	"Documents tagged as relating to Mr Bradshaw
13	as a result of the review of the material
14	identified following address book searches for
15	Mr Bradshaw.
16	"Over the weekend, the Post Office conducted
17	further party-based searches to seek reassurance
18	that no additional material was captured by
19	these searches. Unfortunately, the party-based
20	searches have returned a very significant volume
21	of material apparently relating to Mr Bradshaw.
22	It has not been possible to process the data so
23	it has not yet been possible to ascertain the
24 25	level of internal duplication, the extent to
25	which the material might overlap with documents 101
1	prioritiona this as a matter of urganou
2	prioritising this as a matter of urgency. "Teresa Williamson.
3	"The Post Office has not identified any
4	Exchange/365 material relating to Teresa
5	Williamson as a result of the address book or
6	party-based searches.
7	"David Posnett.
8	"On Friday, 3 November, the Post Office
9	produced five documents relating to David
10	Posnett following the address book searches.
11	The party-based searches run over the weekend
12	have resulted in the identification, harvesting
13	and processing of 22,000 parent emails after
14	deduplication at MD5# level. It's likely that
15	some of this material will be new and POL is
16	working to identify the extent of any new
17	material it will be necessary to review.
18	"Regretfully, the Post Office anticipates it
19	will not be possible to review and produce any
20	new material resulting from the party-based
21	searches sufficiently in advance of Mr Posnett
22	giving evidence on 9 November. As with the data
23	for Mr Bradshaw, the Post Office is prioritising
24	this as a matter of urgency.
25	"Natasha Bernard.
	103

1	already harvested by address book searches and
2	data otherwise available in POL's Relativity
3	databases.
4	"However, it is anticipated that there may
5	be new material within that data. Work is being
6	urgently undertaken to conduct further analysis
7	of that data, in order that the position can be
8	established.
9	"Further, given it has not been possible to
10	process the data, the Post Office has not been
11	able to run search terms or conduct analysis to
12	identify the volume of new material.
13	"Regretfully, there is no prospect of the
14	Post Office being in a position to review or
15	produce any relevant material as a result of
16	party-based searches before Mr Bradshaw is
17	scheduled to give evidence tomorrow. Further,
18	the Post Office is not in a position to provide
19	any reassurance to the Inquiry that no
20	additional relevant material exists.
21	"As soon as the Post Office can provide the
22	likely volume of additional material that needs
23	to be reviewed, it will provide the Inquiry with
24	a time frame within which the material can be
25	reviewed and produced. The Post Office is

4	I would note the following:
5	On the basis of what the Post Office,

7	appears to be no reason why the Inquiry cannot
8	proceed to call Teresa Williamson or Natasha

10	I've just read, you will appreciate why we

12	In relation to Stephen Bradshaw, the letter
13	of last night does not state how much material
14	has been returned by these recent searches
15	relating to Mr Bradshaw. It simply says there
16	is "a very significant volume".
17	We understand that the work undertaken by
18	the Post Office to date suggests there is a pool
19	of documents which is very large indeed,
20	ie a very high number of documents on which to
21	conduct a deduplication and then a relevance
22	exercise. I would invite Ms Gallafent to inform
23	you of the Post Office's current understanding
24	of how large the pool of material is.

22	SIR WYN WILLIAMS: All right. Well, Ms Gallafent,

2	has already given evidence this morning, Ms Williamson and Ms Bernard. We agree with the
4	analysis that there is no reason why their

7	the avoidance of any doubt, the additional

o 9	overnight last night have been carried out and
9 10	there are no documents to be produced from
10	Exchange/365 in relation to either Ms Williamson
12	or Ms Bernard.
13	I am not in a position, sir, to explain to

15	Inquiry that many people have been seeking to
16	ascertain why this apparently anomalous
17	distinction between what is held on Exchange/365
18	and what is held on Mimecast has arisen. I am
19	told that it is a deeply technical and
20	complicated question for which there has yet not
21	been identified a simple answer.
22	That is why, for the time being at least,
23	while, obviously, enquiries continue into trying
24	to work out what went wrong, we have focused in
25	the short-term on trying to work out what we can
	111

1	MS GALLAFENT: Thank you, sir, yes I intend to.
2	Sir, I'm not going to go back over the
3	correspondence which Mr Beer has very helpfully
4	outlined and summarised for you, save to note
5	one point, which is, as in a letter from Herbert
6 7	Smith Freehills of 20 October of this year, it
7	was a general catch-up letter in relation to
8	a number of disclosure issues, at that time,
9 10	initial sampling had indicated that there was
10	significant overlap between data held on the Mimecast archive and that held on Microsoft
12	Exchange or sometimes it's referred to as
13	Exchange/365.
14	It wasn't until very recently that the
15	differences and the potential for an absence of
16	overlap was identified.
17	Post Office fully recognises the importance
18	of the Inquiry, of witnesses and other Core
19	Participants having proper notice of new
20	documents prior to a witness giving evidence.
21	It deeply regrets that the finds itself in the
22	position where its position is, in the case of
23	Mr Bradshaw and Mr Posnett, that simply isn't
24	possible to do this week.
25	The position, as Mr Beer has indicated, is
	110
1	do to seek to put the Inquiry in a position to
2	be able to continue with such witnesses as we
3	are able either to produce relevant documents
4	for in good time, before their scheduled
5	evidence, or to confirm, as per Ms Williamson
6	and Ms Bernard, that there are no such documents
7	to be produced.
8	Can I start then with Mr Bradshaw. The
9	number of emails identified from the party-based
10	search, as distinct from the earlier search on
11	an address book basis, in other words not
12	looking for emails that are tethered to the
13	address book which is contained within Microsoft
14	Exchange but is simply a search for any person,
15	in this case Mr Bradshaw, who was either the
16	sender, the recipient, or copied into or blind
17	copied into an email, it is indeed very
18	extensive indeed. It is approximately 2 million
19	documents.
20	It is important, however, for me to
21	emphasise that that number in itself casts
22	serious doubt on the extent to which this
23	dataset contains duplicates and/or false
24	positives, given the inherent unlikelihood that
25	Mr Bradshaw would have sent, received or been 112

1	copied into that number of emails, even over the
2	very significant number of years for which he
3	has been employed by Post Office.
4	The sheer volume of emails identified have
5	meant that it is not yet possible to process the
6	data. The reason is a practically one: the
7	amount of it is too large to transfer to Post
8	Office's third-party disclosure specialists KPMG
9	for processing. So it has not yet been possible
10	to ascertain the level of internal deduplication
11	that's required within those results nor whether
12	there are false positives or other issues with
13	that dataset.
14	Equally, it has not yet been possible to
15	ascertain the extent to which those documents
16	might overlap with documents already harvested
17	by the address book searches, approximately 380
18	of those documents which were disclosed on
19	Friday, or data otherwise available in Post
20	Office's Relativity databases already disclosed.
21	In all the circumstances, having regard to
22	the sheer numbers involved, it is anticipated

1	search approach and we note that that approach
2	obviously has its limitations. That's
3	demonstrated by the position in relation to
4	Ms Bernard, in which 640 emails were identified
5	through the party search and zero relevant
6	documents identified from that dataset.
7	It may also assist the Inquiry to have
8	a sense of the delta between documents
9	identified using an initial search, in this case
10	the party-based search and subsequently
11	identified as being relevant and disclosable, by
12	comparison to the numbers involved in the
13	address book search relating to Mr Bradshaw.
14	By way of starting point, when that primary
15	search was undertaken, around 23,000 documents
16	were identified as relating to Mr Bradshaw. I'm
17	instructed around half of those are parent
18	emails, the rest attachments.
19	Search terms were then applied, resulting in
20	approximately 600 documents for review and,
21	after that review, as you've been informed
22	already, 382 were produced as being relevant.
23	So that is less than 2.2 per cent, about
24	1.6 per cent, of the initial dataset. Now, I'm

1	being reviewed. It is already on the Relativity
2	platform and, of course, the numbers are very,
3	very considerably smaller. But again, it is not
4	going to be possible to go through all the
5	required steps to identify only those new and
6	relevant documents before he is due to give
7	evidence tomorrow.
8	We profoundly regret that that is the
9	position.
10	I have been asked by Mr Beer, for
11	understandable reasons, how likely it is, we
12	say, that the relevant documents will be
13	identified for Mr Bradshaw and Mr Posnett. It
14	is very difficult, sir, to give an indication of
15	the likelihood to that event but it does seem to
16	us, simply as a matter of common sense, one
17	certainly cannot rule out there being
18	a significant number often potentially relevant
19	documents in these cases.
20	SIR WYN WILLIAMS: When you use the word
21	"significant", Ms Gallafent, just so I get
22	a feel for what we're talking about, are you
23	there talking of upwards of 10, upwards of 100,
24	upwards of 1,000? What sort of ballpark are we
25	in?
	117

1	getting Mr Bradshaw's documents on Relativity or
2	some other or in any other way being able to
3	assess their relevance, can you give me a kind
4	of timescale in the sense of are we talking
5	about days or weeks or what?
6	MS GALLAFENT: Sir, I think it may be that we have
7	to take this in stages because I'm sure we can
8	tell you within couple of days whether or how we
9	have managed to transport it to some other
10	repository, such that it can be analysed, which
11	it currently can't in the way that it is stored.
12	It may, depending on the numbers, then,
13	after deduplication, that will be what tells us
14	then how long it will take to go through those
15	processes that I outlined, sir, to go through
16	the deduplication, internal deduplication
17	processes, to then go through search terms, to
18	then go through deduplication against documents
19	already produced to the Inquiry or otherwise
20	held, and then to actually review the documents
21	before working out what pool hopefully a pond
22	rather than a pool at this point of documents
23	are left.
24	So I would hope that we'll be able to update
25	you at each stage of that, sir, but I think it
	119

1	MS GALLAFENT: Well, if one looks at the way in
2	which the searches have reduced to a relatively
3	small number of documents, we would have thought
4	it would be hundreds rather than anything more
5	than that. But I am speculating
6	SIR WYN WILLIAMS: I'm not holding you to it.
7	MS GALLAFENT: No
8	SIR WYN WILLIAMS: I just wanted to know exactly
9	what you meant by "significant", that's all.
10	MS GALLAFENT: Yes. So, you know, it will be more
11	than ten, it seems to us inevitably.
12	But more than 100, probably; more than that,
13	I really would be making it up as I go along,
14	l'm afraid.
15	SIR WYN WILLIAMS: All right.
16	MS GALLAFENT: But it does seem to us, as a matter
17	of common sense, looking at the scale of
18	numbers, the period of time covered,
19	particularly in relation to Mr Bradshaw, it
20	seems to us a matter of common sense tells us
21	there are likely to be relevant documents as
22	a result of these matters.
23 24	SIR WYN WILLIAMS: Although I appreciate your
24 25	difficulties in making an assessment of the
25	length of time which will elapse between you 118
1	would be remiss of me to overpromise and say it
2	will be by X date. We are doing it as quickly
3	as we humanly can.
4	SIR WYN WILLIAMS: All right.
5	MS GALLAFENT: I'm also invited by Mr Beer to
6	indicate Post Office's judgement on the
7	feasibility of calling Mr Bradshaw or Mr Posnett
8	without the disclosure of this material. We,
9	sir, respectfully agree that it wouldn't be
10	appropriate, even if CTI had, as it were,
11 12	advanced it as a possibility, it wouldn't be appropriate to proceed in the absence of this
12	
13	material having been provided to them and other
14	Core Participants. SIR WYN WILLIAMS: Ms Gallafent, although Mr Beer
16	didn't say so expressly, I gained the strong
10	impression from what he said that he didn't
18	think it was appropriate that either of those
19	witnesses should be called prior to further
20	disclosure and everything you've said to me
20	effectively suggests the same.
21	MS GALLAFENT: Exactly, sir. We too had understood
23	that to be Mr Beer's position and it is our
24	position as well and that's why I started by
25	emphasising that we fully recognise the
20	120

1	importance of all people in this Inquiry the
2	Inquiry Team primarily but also other Core
3	Participants in having proper and full access
4	to these documents as early as possible before
5	giving evidence, and I should mention, of
6	course, we recognise the inconvenience to
7	witnesses themselves where late disclosure is
8	made. That has happened on a regrettably large
9	number of occasions and we apologise for each of
10	those occasions.
11	SIR WYN WILLIAMS: The last thing that I would like
12	to ask you is that there are witnesses who are
13	not too far down the line in terms of when they
14	are due to give evidence
15	MS GALLAFENT: Yes.
16	SIR WYN WILLIAMS: who might fall into the same
17	category, if I can try and put it as neutrally
18	as possible, as Mr Bradshaw and Mr Posnett,
19	ie having important evidence to provide to the
20	Inquiry, but might also be discovered to be in
21	a category of witness where disclosure is not
22	yet complete. That's very convoluted but you
22	know what I mean.
23 24	MS GALLAFENT: I do, sir. Can I start with next
24	week's witnesses?

But we have already requested the back-up, from an abundance of caution, party-based search as well. As with the other witnesses schedule for next week, any relevant documents identified as a result will be reviewed as a top priority. The other witness next week is Mr Tatford, Warwick Tatford, who is independent counsel, not an employee of POL and therefore no address book search has been undertaken as he wouldn't have a postoffice.co.uk address. Instead, a party-based search has been requested for which again Post Office is awaiting the results and, as with the others, we hope that those will be available tomorrow and we will be in a position to review them as

1	SIR WYN WILLIAMS: Yes.
2	MS GALLAFENT: First of all, Catherine Oglesby, who
3	of course is another civil rather than
4	a criminal case studies witness. Address book
5	searches for her have returned nil hits. There
6	are no hits for that.
7	Party-based searches have been conducted for
8	the period 2003 to 2009. 724 documents have
9	been identified. Those have all been reviewed
10	and found not to be relevant.
11	We are an running additional party-based
12	search, in other words the alternative,
13	perceived to be back-up, search if you can't
14	find documents on a sorry, the back-up
15	additional searches in this case, for the latter
16	period, which is 2009 to 2016. We will review
17	any additional documents coming out of that time
18	period as a top priority with a view to
19	producing any relevant documents this week.
20	Mr Utting and Ms Stapel are procedurally in
21	the same boat. Address book searches did not
22	yield any returns. Party-based searches have
23	been requested. We are awaiting the results of
24	that search. We hope to have those tomorrow.
25	It will review any documents identified as a top 122
1	Can I just, although I wasn't invited to do
2	so, perhaps give you, sir, an indication of the
3	question that I'm sure, sir, you will have in
4	your mind, which is what happens then?
5	Can I just flag as Mr Beer has done, the
6	letter from Burges Salmon from later last night,
7	setting out some of the other potential and
8	I emphasise the word "potential" disclosure
9	matters in relation to the number of further
10	potential repositories.
11	Post Office has always sought to be open and
12	transparent with the Inquiry, as to potential
13	further sources of relevant documents, as well

10	potential repositories.
11	Post Office has always sought to be open and
12	transparent with the Inquiry, as to potential
13	further sources of relevant documents, as well
14	as the difficulties associated with some of
15	them. We cannot rule out the existence of some
16	relevant documents in these repositories before
17	harvesting and analysing them. That said, based
18	on Post Office's experience in relation to the
19	back-up tapes, which as you'll be well aware,
20	sir, have been the subject of intense extensive
21	and intensive review over the last month or so,
22	it may well be that there are very few relevant
23	documents ultimately found to be held on those
24	repositories that have not already been
25	harvested, reviewed and produced to the Inquiry. 124

1	The Post Office notes that when the issue of
2	the back-up tapes arose shortly before the
3	evidence of Ms Chambers on 26 September this
4	year, you adopted, sir, what might fairly be
5	described as a constructive and pragmatic
6	approach by continuing to hear her evidence,
7	subject to three points and, indeed, the
8	evidence thereafter of other witnesses.
9	The first was the need for close monitoring
10	of the disclosure process during the remainder
11	of the Inquiry; the second was the potential for
12	witness evidence in relation to the back-up
13	tapes for the purpose of the disclosure hearing
14	scheduled for January 2024; and the third was
15	the potential for the Inquiry to request further
16	witness statements or recall witnesses back to
17	give further evidence in the vent that relevant
18	material is disclosed after a witness has given
19	evidence or, if disclosed beforehand, where the
20	Inquiry has not had the opportunity to process
21 22	it and I would respectfully add to that where
22	also other Core Participants would not have had the opportunity to do so and the documents are
23 24	of such relevance that they should have had that
24 25	opportunity before the witness gives evidence.

1	Sir, it may be that you consider a similar
2	approach would now be justified in all the
3	circumstances. Post Office equally recognises
4	that, given the particularly sensitive and
5	important stage which the Inquiry has reached in
6	Phase 4, and the potential significance of the
7	data held on Exchange/365, for a number of
8	witnesses who played a key role in a number of
9	the criminal prosecution case studies, as well
10	as issues potentially arising from further

13	generally following hearing from such witnesses,
14	as it appears to be at least common ground for
15	this week, can be heard in the meantime.
16	We would respectfully suggest that any such

18	information that Post Office can put before the

20	analyse the further repositories and the number
21	of documents involved, as well as, of course,
22	the matters in relation to the Exchange/365

1	these to be very much matters for the Inquiry,
2	rather than Post Office, to make any particular
3	submission upon.
4	I would like to conclude by reiterating Post
5	Office's profound regret that this situation has
6	arisen and by apologising frankly to you, sir,
7	the Inquiry Team, the witnesses affected by
8	these issues and to the other Core Participants
9	and their representatives for all the undoubted
10	inconvenience caused.
11	Thank you.
12	SIR WYN WILLIAMS: Thank you. Now, it seems to me
13	to be clear that both Mr Beer and Ms Gallafent
14	provide strong reasons why Mr Bradshaw and
15	Mr Posnett cannot give evidence this week and,
16	therefore, my very strong preliminary view is
17	that I should postpone their giving of evidence
18	but if any Core Participant either present or
19	represented wishes to argue against that and
20	wishes to argue that either or both should give
21 22	evidence, and then, if necessary, be recalled if
22	further documentation comes to light, I would like to hear them articulate that now, so that,
23 24	if my preliminary view is to be shifted, it is
24 25	shifted sooner rather than later.
23	
1	I do not expect anybody to respond with any
2	definitive submissions because I want everybody
2	to reflect upon how best we should proceed in
4	these difficult circumstances.
5	But all that said, if there are Core
6	Participants like Mr Jacobs or
7	representatives, I should say, of Core
8	Participants, like Mr Jacobs who wish to
9	make, and I stress the word, "short" submissions
10	about where we are, then now is the time for me
11	to hear them.
12	I stress the word "short" not to in any way
13	minimise the seriousness of the situation we
14	find ourselves in but simply because I take the
15	view that these issues are dealt with after
16	reflection and not in the heat of the moment, so
17	to speak. So that I will hear short submissions
18	but I stress the word "short".
19	So first of all, Mr Jacobs, since you've
20	already indicated a wish to make some
21	submissions, over to you.
22	Submissions by MR JACOBS
23	MR JACOBS: Thank you, sir. I act for Shazia
24	Saddiq, who sits two to the right of me next to
25	Mr Stein. Her case is affected by the actions

on IT	Inquiry 7 Novembe
1	So does anybody wish to advance that
2	possibility?
3	MR JACOBS: I have been asked to convey some
4	instructions from my clients, sir, which doesn't
5	relate to that issue but I don't know if you
6	could hear me briefly on those points.
7	SIR WYN WILLIAMS: Well, we will come to any other
8	points. I'm not shutting everyone up at this
9	stage, I'm simply trying to deal with matters in
10	a way that at least appears to me to be logical.
11	So does anybody, in effect, wish to oppose me
12	postponing the evidence of Messrs Bradshaw and
13	Posnett?
14	Right, clearly no one does and so I say now
15	formally that they will not give evidence this
16	week. They will give evidence on dates to be
17	fixed in the light of how we proceed with
18	disclosure issues.
19	Now, so far as the general issues with have
20	been raised by Mr Beer and Ms Gallafent, you
21	will the Core Participants will have had some
22	opportunity to grasp what is going on, just as
23	I have, but, in respect of what Ms Gallafent has
24	said and indeed some of the suggestions she has
25	made as to the future conduct of the Inquiry,
	130
1	of Mr Bradshaw and she travelled with her
2	husband today to the Inquiry, leaving quite
3	early this morning, both taking time off work to
4	do so. We have also taken instructions from
5	Joan Bailey, who can't be here today but is
6	following remotely, and I've taken instructions
7	from both of these clients on the documents that
8	were available.
9	Yesterday, Howe+Co had a conference with 58
10	of our clients and their overriding concern in
11	relation to the Phase 4 hearings is what they
12	cries as "corporate amnesia". They are worried
13	that witnesses are saying, "I had nothing to do
14	with this case, I don't remember anything about
15	it, it was a long time ago", and what has
16	reassured them is that the documents that the
17	Inquiry and we saw it this morning puts to
18	such witnesses are able to assist greatly in
19	establishing the facts.
20	So, in relation to what has been said by
21	Ms Gallafent this morning, it's not a matter
22	about Core Participants not receiving proper

notice. We say we must have disclosure in good

about Core Participants not receiving proper

time in order to properly represent and act for

1	One of the concerns that our clients have in
2	relation to these recent events is the timing.
3	We heard from Mr Beer this morning that, in
4	relation to Mr Bradshaw, the Inquiry was
5	notified at 8.24 pm on Friday had there were 382
6	documents in relation to Mr Bradshaw. At 8.29
7	last night, the Inquiry was told that there are
8	very significant there's a very there's
9	a great volume of material in addition in
10	respect of Mr Bradshaw and there was further
11	communication at 11.14 pm last night.
12	Sir, we saw with Mr Jenkins in July that the
13	Post Office located large numbers of documents
14	and notified the Inquiry of this, practically
15	right before Mr Jenkins was due to give
16	evidence. So this is the second time with
17	Mr Bradshaw that this has happened.
18	Our clients are concerned. They do not want
19	an adjournment but they accept that it is far
20	better to prepare questions for witnesses and to
21	have conferences and for them to give their
22	instructions when we have all the material
23	available. So they would prefer that matters
24	are delayed so that we can have proper
25	disclosure.
	133
1	it can do to ensure that this doesn't happen
2	again. Thank you, sir.
3	SIR WYN WILLIAMS: Well, Mr Jacobs, there have been
4	occasions in this process when I have felt like
5	trying to rewrite some of the Inquiry Rules but
6	I am bound by them and it is not part of my
7	terms of reference to rewrite them,
8	unfortunately.
9	All right. So does any other legal
10	representative wish to make similarly short
11	submissions even?
12	MR MOLONEY: Sir, yes please, but I assure you
13	they'll be very short.
14	SIR WYN WILLIAMS: That's all right, Mr Moloney,

15	just wait until you're on camera with me, if you
16	would, please.
17	Oh, you are, fine.
18	Submissions by MR MOLONEY

19	MR MOLONEY: Thank you. Sir, once again, we're
20	faced with disclosure failure by the Post Office
21	and, as always, it impacts our Core
22	Participants. We've also already met with Core
23	Participants to receive their input into the
24	anticipated evidence of the two witnesses most

25 affected by this non-disclosure and it's

135

But another concern that they have is that 2 they are worried that there seems to be 3 a pattern emerging now, whereby the Post Office, 4 very late in the day -- and this is the second time it has happened the day before a witness is 6 due to give evidence -- informs the Inquiry that new disclosure is available or has become 8 available. Our clients say this is simply good enough -- this is simply not good enough, 10 I ought to say, and would ask whether the 11 Inquiry can impose a mechanism on the Post 12 Office to prevent what they see as abuses of the 13 disclosure process by the Post Office in this 14 Inquiry. 15 I conclude by saying that we have made 16 representations on disclosure, dated 19 December 17 2013 and 2 February 2013, and one of the things 18 that we said is that there is a perception from 19 our client group that the Post Office is seeking 20 to control these proceedings through frustrating 21 the disclosure process and that is our client's 22 concern and I am instructed to raise that with 23 you. 24 Essentially, they say this isn't good enough 25 and they would like the Inquiry to do whatever 134 obviously very frustrating for all of them. 2 Our primary concern on behalf of the Core 3 Participants we represent is to ensure that the Inquiry fully investigates the issues before it, whilst maintaining momentum, so that our Core Participants receive the Inquiry's conclusions within a reasonable time. We're of the view that the course proposed by Counsel to the Inquiry is most likely to meet our concern and 10 we therefore endorse it, but we have one request 11 to add, sir, as you would expect. 12 As we go forward, we ask that any new material is provided to Core Participants in 13 14 good time for them to assist the Inquiry with 15 the relevant witnesses. That's all we wish to 16 say, sir. 17 SIR WYN WILLIAMS: Thank you, Mr Moloney. 18 Ms Page, I can see you just beyond Mr Moloney, as it happens. Do you wish to make 19 20 submissions? 21 Submissions by MS PAGE MS PAGE: Also very briefly, sir, to say, first of 22 23 all, that I support everything that has been 24 said already by those acting for subpostmasters

25 before me, but also to let you know, let the

1	Inquiry know, that Janet Skinner sets beside me.
2	She travelled down yesterday. She has stayed
3	overnight in a hotel. Travelling and moving
4	around is not particularly easy for Mrs Skinner
5	and it also takes a toll, emotionally, and it's
6	draining.
7	So we ask, above all, that if this pattern
8	continues, Post Office gives proper notice so
9	that people know it's coming up and that they
10	don't travel. It simply isn't fair.
11	Secondly, I would ask also that some
12	consideration is given to past witnesses. In
13	the scrabble to make sure that the Inquiry
14	hearings are able to maintain some sort of
15	momentum, it is important to remember that
16	there's been quite a number of witnesses already
17	in Phase 4, leave aside previous phases, and I'm
18	thinking in particular of the case study of Lee
19	Castleton, where nearly all of the witnesses
20	have already given their testimony, and so it's
21	important that we don't forget that there may be
22	some very important and significant documents
23	which weren't put to them.
24	SIR WYN WILLIAMS: Yes.
25	MS PAGE: Thank you. That's all I wish to add.

4	Submissions by MS DOBBIN MS DOBBIN: May say
	· · · · · · · · · · · · · · · · · · ·
5	(Unclear off microphone)
6	As you know, sir, in a series of submissions
7	to you, we set out our concern that he was being
8	asked by the Inquiry to provide a witness
9	statement and also to give evidence on oath
10	before you when disclosure was an evolving
11	picture. My learned friends may not know this,
12	but you will, that a very detailed draft witness
13	statement was submitted on Mr Jenkins' behalf
14	only this week. We wrote to the Inquiry on
15	26 October, prior to that submission, to try to
16	ascertain what the position in respect of
17	disclosure was and the extent to which there
18	might be outstanding disclosure, which was
19	relevant to his position.
20	We can only say on his behalf that, having
21	submitted that draft statement to the Inquiry,
22	we are alarmed and profoundly concerned to find
23	that, yet again, there may be another
24	substantial body of material relevant to him
25	that has not yet been disclosed, and I think 138
	100
1	in the Inquiry, who should come to the Inquiry
2	and state plainly that its own conduct is
3	preventing progress.
4	This is, of course, the latest in a series
5	of disclosure failings by the Post Office. They
6	may be forgotten to many. They're etched in the
7	memory of those who sit on this side of the
8	room:
9	Hard copy documents found in new Post Office
10	locations; the use or misuse of search terms
11	when conducting the disclosure exercise;
12	an improper deduplication exercise; a failure to
13	consider families of documents when giving
14	disclosure; a failure to disclose blind copy-ees
15	to emails; the failure to give disclosure of
16	documents held on back-up tapes; the failure to
17	give disclosure of native emails.
18	Looking at this latest disclosure failing,
19	we say, having heard from all of the Core
20	Participants, that the following factors confirm
21	the preliminary indication that you gave,
22	firstly the date range. It seems, on what we
23	know now, this repository of material, to
24	concern emails from 2012 onwards. What we have
25	seen in the Inquiry so far, when we have been
	140

1	allowed to see materials after 2012, is that	
2	important material is generated in the years	
3	after 2012, not only about the reaction to the	
4	unfolding scandal described by some as	
5	a cover-up, but such material also relates to	
6	events before then. It's a reflection backwards	
7	to what people were saying and doing at the	
8	time, ie from 2000 to 2012.	
9	Secondly, the means of communication here:	
10	emails. We have found that some employees and	
11	staff of the Post Office speak rather frankly	
12	and openly when they communicate by email, not	
13	quite at the level of some WhatsApp	
14	communications, but approaching it.	
15	It has been so far the email traffic, a rich	
16	seam of evidence with which to ask witnesses	
17	about their conduct and their state of	
18	knowledge. This is email communication and,	
19	therefore, we consider that it is likely to	
20	contain important data sources to be able to	
21	test if such witnesses adopt the position, their	
22	claims that they have no present recollection of	
23 24	the events about which they are being asked.	
	Thirdly, sir, the individuals concerned, as	
25	I said already, Messrs Bradshaw and Posnett, 141	
1	his decisions on to the way forwards	
1 2	big decisions as to the way forwards. As to the immediate future after this week,	
2	ie next week's witnesses, you'll recall that the	
4	letters from the Post Office said that they	
4 5	would update us by the end of the week on the	
6	position in relation to next week's witnesses.	
7	The end of the week is frankly not good enough.	
8	We can't wait until the end of the week to know	
9	whether we're calling witnesses on the following	
10	Tuesday.	
11	For next week's witnesses, I would invite	
12	you to direct that by 5.00 pm tomorrow,	
13	Wednesday, the Post Office must state in	
14	relation to each witness for the following week	
15	whether searches have been undertaken of either	
16	of the varieties mentioned by Ms Gallafent and,	
17	if there are documents to disclose, to disclose	
18	them by that date.	
19	Sir, that's all I say for the moment.	
20	Decision	
21	SIR WYN WILLIAMS: Thank you. Well, let me confirm	
22	that I propose to postpone the evidence of	
23	Mr Bradshaw and Mr Posnett. I cannot today fix	
24	any date or even likely period when that	
25	evidence will be given, since it's dependent	
	143	

1	have a heavy footprint on important events that
2	the Inquiry is considering.
3	For those three reasons taken together, we
4	do submit that you should adjourn these
5	witnesses' evidence.
6	So far as the past is concerned, we are
7	completely aware this is a point made on
8	behalf of the Hodge Jones & Allen Core
9	Participants we are completely alive to the
10	point that this new discovery does not relate
11	only to the present and the future; it relates
12	to witnesses who have already passed in and out
13	of the witness box, and we will be on top of the
14	Post Office in ensuring that they give
15	disclosure that relates to those who have
16	already given evidence.
17	As to the future witnesses, we would counsel
18	you against making any big decisions now.
19	Nobody has asked you to do so. We were only
20	told about the scale of the issue by the Post
21	Office at 8.29 pm last night.
22	The information which the Post Office gave
23	you in the letters, as supplemented by
24	Ms Gallafent helpfully today, is still not
25	sufficiently clear or complete in order to take 142
	142

The Post Office Horizon IT Inquiry

1	12 noon on Thursday. That's giving you a little
2	more time than Mr Beer suggested was appropriate
3	but I think, in all the circumstances, that's
4	fair enough, so to speak, and gives us
5	sufficient time to know where we are going next
6	week or at least sufficient time for me to make
7	a sensible decision about where we're going next
8	week.
9	Is that acceptable to you?
10	MS GALLAFENT: Sir, I'm very grateful for that
11	extension to midday on Thursday. Can I just
12	flag up, Mr Beer asked for an update as well as
13	the documents themselves to be produced by his
14	deadline. I suspect there may be a tightness in
15	that timetable for the actual documents to be
16	produced. We will do everything that we can to
17	do that, but if we are able to offer an update
18	with an indication of when the documents be
19	produced, that may be what we have to do. But
20	I'm not I'm simply saying that from
21	an abundance of caution because it may be we can
22	tell you the position but we can't get you the
23	documents precisely to that time.
24	But we will strive to do what, sir, you've
25	asked us to do, both in terms of update and the 145

1	SIR WYN WILLIAMS: Fine. Thank you all.	INDEX

3	SIR WYN WILLIAMS: All right, thank you.
4	Then, finally, I'd like to extend my
5	apologies to the two Core Participants,
6	Mr Jacobs' client and Ms Page's client, who
7	travelled quite some distance, I imagine, to be
8	at the Inquiry today to hear the start of
9	Mr Bradshaw's evidence. It is extremely
10	frustrating for you both to find yourselves in
11	this position and you have nothing but my
12	sympathy in these circumstances.
13	I think that's all that I propose to say at
14	the moment. So we'll start again at 10.00
15	tomorrow morning, Mr Beer?
16	MR BEER: Yes, that's right.
17	Sir, we will make enquiries as to whether
18	any of the three witnesses for this week can be
19	now bunched up a little, so we can hear them on
20	two days rather than three, and we'll let the
21	Core Participants know if that's the case.
22	SIR WYN WILLIAMS: Well, I'm sure that everyone
23	would think that a good idea, if you can bring
24	it to fruition. So that's fine.
25	MR BEER: Thank you, sir, 10.00 tomorrow. 146
