The case is to continue and is scheduled for trial on the 1st June 2010. I will need to check that all witnesses are available this week.

Could you please inform me ASAP whether you, Gareth and Andy are available to attend Guildford CC.

In the meantime we will need Andy to produce the disc containing the raw data of helpdesk calls for the period 1st January 2005 to 31st December 2009 and the information as detailed in my e-mail below..

If case is still continuing tomorrow we will need a witness statement from a member of Fujitsu explaining the following;

When new hardware was installed at West Byfleet Post Office was it brand new or reconditioned (i.e. existing hardware that has been wiped prior to installation). If it is the latter please confirm the identity of the Post Office from which the reconditioned hardware came and why the hardware had been removed from that Post Office.
