

Witness Statement

(CJ Act 1967, s9; MC Act 1980, ss 5A(3)(a)
and 5B, MC Rules 1981, r 70)

Statement of Andrew Paul Dunks

Age if under 18 over 18 (If over 18 insert 'over 18')

This statement (consisting of 2 pages each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false or do not believe true.

Dated the 12th day of July 2011

I have been employed by Fujitsu Services (Fujitsu), Post Office Account, since 11 March 2002 as an Information Technology (IT) Security Analyst where I am involved in IT Security for the Post Office Account. I have a working knowledge of the computer system known as Horizon, which is a computerised accounting system used by Post Office Ltd. I am authorised by Fujitsu to undertake extractions of audit data held on the Horizon system and to obtain information regarding system transaction information processed on the Horizon system.

I make this Witness Statement from facts within my own knowledge unless otherwise stated. Any records to which I refer in my statement form part of the records relating to the business of Fujitsu. These were compiled during the ordinary course of business from information supplied by persons who have or may reasonably be supposed to have personal knowledge of the matter dealt with in the information supplied, but are unlikely to have any recollection of the information or cannot be traced, since the nature of the helpdesk involves many engineers all at differing levels and any number could be involved in a particular call. As part of my duties, I have access to these records, but I was not involved with any of the technical aspects of these calls. This area is not my particular area of expertise and I make this witness statement simply to help clarify the call logs for the benefit of the Court.

An important element of the support provided to sub-postmasters and Counter Clerks is the Horizon System Desk (HSD). The HSD is the Horizon user's first 'port of call' in the event of

Witness Statement

(CJ Act 1967, s9; MC Act 1980, ss 5A(3)(a) and 5B, MC Rules 1981, r 70)

Continuation of statement of

their experiencing a problem with the Horizon system or requiring advice and guidance. If the system were to malfunction, upon discovery the Horizon users (i.e. the sub-postmaster or counter clerk) would raise a call to the HSD seeking clarification or advice. HSD is a service run by Fujitsu Services for the Post Office.

During the periods **13th Jan 2010** to the **17th Feb 2010**, **19th May 2010** to the **14th July 2010**, **13th Oct 2010** to the **17th Nov 2010** and **5th Dec 2010** to the **30th Mar 2011** there were **4** calls for advice and guidance logged by HSD for the **Rowlands Castle Post Office®**, Branch Code – **107937**.

It is my opinion that none of these calls relate to faults which would have had an effect on the integrity of the information held on the system as none of the calls recorded raised problems that fall outside the normal operating parameters of the Horizon system.

I have been asked to provide details and information on the calls for advice and guidance logged by HSD recorded during the period periods **13th Jan 2010** to the **17th Feb 2010**, **19th May 2010** to the **14th July 2010**, **13th Oct 2010** to the **17th Nov 2010**, **5th Dec 2010** to the **4th Feb 2011** and **5th Feb 2011** to the **30th Mar 2011** for the **Rowlands Castle Post Office®**, Branch Code – **107937**.

To obtain this information I ran an Incident search facility for the archived TFS call data using the dates requested. For ease of use and understanding I then cut and pasted all the relevant generated data in to a word document outlining all calls.

I produce the resultant document as Exhibit APD01.
