09/02/12	Correspondence received from the defendant via the Crown Court, which details that the property has been re-possessed and the balance remaining after the mortgage has been paid off will be approx. 21k. She also states that she owes GRO and we would then be left with a balance of GRO . I have written to Phil Taylor advising that in my opinion POL should receive all of the available balance, as the property formed part of the confiscation order and was listed on the 5050A. May result in a further court hearing to resolve the situation.	PS

27/03/12	Documents handed over by the defendant at the hearing show that the equity in the property has gone, after the property was re-possessed by the Woolwich bank. There now appears to be no assets available and no reason to continue with the court hearing on the 23 rd April.	PS
13/04/12	Discussions with Jarnail Singh who agreed that no reason to continue with this matter. We will meet next week to resolve the necessary paperwork for the defendant and the court. I will also need to update the confiscation unit.	PS
13/04/12	T/C to the defendant re the court hearing next week. She is seeking clarification on the payment made to Hackney Homes of £14,418.00 and will call me when the details are known.	PS
17/04/12	Meeting with Jarnail Singh, it would now seem evident that the property asset has been diminished through re-possession. Value sold did not cover all of the costs and mortgage. Hearing on Monday 23 rd April to reflect change in circumstances and request to be made for nominal order.	PS
10/05/12	At further hearing, the defendant was able to prove that the property was sold and the amount did not cover the full cost of the mortgage. As a result a nominal order for £1.00 was made and the case is now closed. No other assets available.	PS
