**Attachments:** Master Security Team Skills Database v1 July 2012.xls

John,
This is the master matrix to date. Andy Scott and Kevin Ryan have volunteered from my group to develop and maintain
this document.
I have 121's planned with them next week but I'll ask them to start to develop it now to include other categories that
link the other workstreams
such as succession planning and advanced development.

Hi Tony,
Attached is the skills matrix so far. Highly doubtful if there will be anymore. If there is more, will forward them
to you.

FYI, Andy Hayward is in the process of meeting some University representative from Leicester University
regarding running any course. (Think in particular MSc Security Risk Management).

Thanks,

Regards,
