Detail

Tele call from Robert Booker. Discussed case. MJS advised of issue re summons. Courts down there try to get committal dealt with on the basis that papers will be subsequently provided. MJS said preferred adj even if not for full 8 weeks. Ensures that everything is in hand, copied and disclosed prior to C/Ct hrg.

MJS called Steven Bradshaw. Any update re summons? No - he hasn't heard anything further from Def. Confirms he spoke to her telling her content of envelope awaiting collection, told her date, time and venue. Sent her copies the same day and asked that she let him know if not received. He has heard nothing further from her.

MJS called Bob Booker. Left message on phone confirming position.
