Ian,

It was good to meet you yesterday and I hope you found the session useful.

I've put together in the attached .zip file the info that I said I would send you, together with a "Readme First" document that describes what I have included.

I hope I've not forgotten anything. If I have then please let me know and I'll try and dig it out.

Regards

Gareth

Subject: RE: Fujitsu workshops

All

In addition to a briefing on the Horizon system (both old and new) it would be useful to be provided with:

1. High level overview of Horizon architecture including data structure, reporting and error checking processes
2. Copies of data formats, tables and specifications
3. Copies of XML or equivalent templates or style sheets
4. Soft copies of sample reports
5. Sample data for processing

What I hope to be able to do is quickly move to being able to analyse the raw data relating to specific cases and then start generating our own reports based on an analysis of the raw data. I am interested in all types of data including transaction, help desk, administrative, log and journal data types.

Many thanks

With best wishes

No prep from my perspective, but Ian may have something.

Can you let us know who we should contact when we get to reception.

Thanks, Simon

Pete,

Thursday 13th September at 2pm is fine by me.

Note I will be on leave from 15th to 30th, so any non-trivial follow ups will have to wait until October.

Is there any advance preparation required?

Regards

Gareth

Peter, Gareth

We would like to hold the workshop Thursday next week, to start at 2pm.

Hopefully that still works for you.

Pete,

Yes, tomorrow is OK. I have a meeting from 12 to 1, and do have some other things I need to do tomorrow (but with no fixed time yet), but can fit in a meeting at other times tomorrow.

I'm also now available on Thursday other than 11 to 1. Next week also works apart from 11 to 1 on Thursday.

Regards

Gareth

This week doesn't work unless you can make Tuesday or Thursday.

Next week Ian can do Monday, Tuesday or Thursday – do any of these work?

Simon

I'm sorry, but these are the 2 days I can't do this week!

I'm available Tuesday and Thursday this week or Monday, Tuesday or Thursday next week

With best wishes

Fujitsu have come back with proposed dates for a workshop of this Wednesday or Friday in Bracknell.

Do either of these dates work for you?

I have discussed availability next week with Gareth and he is available in Brecknell on Wednesday and Friday.

Hope this is OK.

Pete
