**Attachment:** AA - Appendix C PEACE Investigative Interviewing.docx

Andy,

For info

This has gone to John Scott and yet to receive response. The document has been redrafted to meet the exco format and will be going to Beechcroft solicitors who are apparently [not common knowledge] reviewing the prosecution policy. Hopefully we will nail the 4<sup>th</sup> and we will be in a more comfortable position. John Scott I understand is attending TCG. Can we make sure that everyone knows their briefs for the updates including Elaine. The Gas attacks will be of interest, info re the latest Crown CVIT in London, engagement with Vanguard re any info on possible OCG. I am hoping to get hold of Paul Joyce tomorrow for an update so perhaps if you are able, we can both meet him. Sharron can update on compliance. I will be out with Gordon in the morning in Birmingham so won't be there until later.

Speak later

Cheers

Rob

John,

I have shoe horned the guide into the Exco template largely drawing on the recent IS05 Info Sec policy doc. Also attached are appendices A, B and C which is the PEACE guide to interview techniques which we will be using as a foundation for interview training going forward. Have a good weekend

Cheers

Rob
