Subject: Weekly Horizon Call - Notes from last week and copy of Protocol document - Please do not forward
Attachment: THE PROTOCOL (2).pdf

Attachment: Regular Call re Horizon Issues.doc - 2.10.13.doc

Hi all

Apologies for the delay in circulating these notes from last week's notes. We had a mix up with who was taking them so I've put some together based on the bits that I have captured. Please let me know if I have missed anything.

I've also attached the Protocol document which Martin talked about on the call last week. I think there are still a few tweaks to be made to this, but you can see the general principles.

Kayleigh

If you can embed the notes within the original document so it is password protected etc, that would be great.

Thanks

Gayle
