All,

The previously agreed next step is for the Fujitsu and POL lawyers to meet to review the spec that CK has drafted and potential CVs to start determining whether the scope for the proposed expert is achievable and reasonable.

Unless anyone objects, I will progress making the arrangements for such a meeting this week with the Fujitsu lawyer Susan Crichton had been dealing with, Michael Harvey.

Kind regards, Rodric

Hugh. Best to ask Simon Clarke of CK who was present at Icl and attended the meeting with Expert and is very experience criminal counsel and dealt with vast number of POL Horizon issues.

Jarnail

I think Lesley and Hugh should sign this off. Lesley from an IT perspective, that these CVs will mean they will understand and be able to explain Horizon. And Hugh to say whether their background will be creditable in Court

Thanks
Alwen

Alwen

For criminal prosecution and Civil litigation cases it is essential for Post office to instruct expert witness to produce expert reports on the impact of second sights interim report on the Horizon system. Please find attached both CV from Professor Kramer and Professor Dulay from Imperial college London who have agreed to undertake the expert witness work. Please let me know who has to sign this off in terms of exco and the board.

Thank you.

Hugh

Please find attached both CV from Professor Kramer and Professor Dulay from Imperial college London who have agreed to undertake the expert witness work. We need to consider how we going to progress this with Fujitsu and board before further meeting. I understand Andy Parsons and Rodric are dealing with the Non-disclosure issues with the Martin Smith for both expert to agree to.

Subject: Professor Kramer

Dear All,

Please find attached an e-mail received from Professor Kramer containing his CV.

You will see from the summary on page 1 of his lengthy CV that he has previously worked with Fujitsu. I asked how long ago that was and have been informed that it was over twenty years ago as part of a research project.

Kind regards,

Martin.
