Rodric

Just to let you know Imperial college London has been asked to provide guide as to their estimate cost for work on the Horizon. They will provide this in two stages

1. Costs of looking at what work is involved in what they need to do.

2. Costs of what work they need to do.

I will share the costs with you once received.

Jarnail.

Rodric,  
Any day that week is good for both me and Martin.

**Subject:** Meeting with Fujitsu re:New Expert

All,

Fujitsu are happy to meet with us during the week commencing 4 November to discuss how it can work with Post Office Limited to achieve the aims set out in the Draft Scope CK has prepared, including whether Professor Jeffrey Kramer and Dr. Naranker Dulay from ICL's Department of Computing at Imperial College London are suitable to provide the expert services within the scope.

Can you please let me know your availability for a meeting during that week, how long you think it will take (I have a guestimate of two hours?), and whether you think we will need someone from POL's information systems team to attend. We can then look to finalise the arrangements and circulate an agenda.

Kind regards, Rodric
