Dear Lucy,

We write further to your letter dated 14th August 2015 regarding the Post Office Horizon software. In light of the subsequent BBC Panorama programme broadcast on the 17th August, all three of us representing those of our constituents who have been affected, now request a further meeting to discuss this matter.

There were several allegations in the broadcast which we feel need urgent attention -- the two principal issues being (1) the statement from the Fujitsu whistle blower that transactions could be remotely manipulated and (2) the statements by Second Sight which contradicted the version of the Second Sight report that the Post Office has presenting to Ministers, MPs and the media.

In light of these serious developments, we are convinced that the interests of our constituents require this matter to be independently investigated -- ideally by a private sector entrepreneur with experience of managing organisations of this scale. We would suggest someone with the standing of Sir Terry Leahy or Baron Rose of Moneymore to undertake such a review.

We very much hope you will be willing to meet us to discuss this matter as soon as possible.

Kind Regards,

Andrew Bridgen MP

Kevan Jones MP

Oliver Letwin MP
