*Dear Sajid,*

Further to my previous correspondence to the Department, I have again been contacted by my constituent, Mr Michael A. Wilson of **GRO** regarding sub post offices. Mr Wilson has contacted me on several occasions to raise his concerns about the Horizon computer system used by subpostmasters across the post office network, particularly in relation to his brother Julian and the difficulties he has experienced regarding his former sub post office in Ashwood Bank.

I would be grateful if you could provide an update regarding this matter, providing your comments in a form that I may forward on to my constituent.

Thank you for your attention to this issue.

*Kind regards,*

Alok Sharma MP

First of all congratulations on your re-election –I appreciate that you are very busy at the moment but I would like you to press Jo Swinson & Vince Cables successors [whoever they might be] on what steps are being taken to bring justice to the sub-postmasters involved in this enquiry.

It occurs to me that a lot of PUBLIC MONEY has been spent by Post Office in prosecuting innocent people and attempting to avoid responsibility in this and also their behaviour in threatening people with theft charges to get them to plead guilty to “ false accounting “ verges on the borders of criminal action and has the serious fraud office been told ?

You will also be aware of the increasing publicity that the media through newspapers , magazines and television are giving to this and trust that YOU will feel that you should be at the front of such a push for Justice.

Your constituent –Michael Wilson , [redacted] GRO
