PS the letter to JA went from me. I did consider it going from you but want to try to remove you from the chain with him. I hope that is ok and apologies if you think the wrong call.

I'd be concerned about going to the '140' largely as the idea that JA has 140 MPs supporting him is misplaced, but also that we want to contain it as it is. So the Letwin approach remains one which we are trying to deal with separately (we are trying to separate him from the hard core).
