**Subject:** Panorama update

Dear all

Thank you to you and your teams for taking part in the conference calls I've held over the last couple of days re the BBC and Horizon.

I heard this afternoon that the programme has now been postponed: probably to the following week but we wait to hear.

The parliamentary debate is expected to go ahead on Monday.

Our planning and preparation remain unchanged. There could be media coverage around the Westminster debate itself.

I will go ahead with sending out scripts/lines to colleagues as discussed on the calls and will keep you and colleagues updated.

Mark
