1) Substrate

2) Handling

1) How far are the repairs we've had really relevant to the issues in question? Key seems to be about the 7/07?? May 2007 health report. What exactly are they the far are the issues re: abt. related matters eg. cabinets, training, support.

How are things abt. the cases we decided not to pursue? + behaviourally not-given situations.

Are we truly happy that we are not employing we should? to support them?

2) Is it really the case that <sup>we are advised from my</sup> any independent review p 10 of Longay report?

How do we ensure reasonable people that we are unfair?

As that if something is wrong?
