CLEVELYS

Spk to Mandy Talbot, Jim Cruise's boss.

- JC has taken early retirement and has left them with this baby to deal with.
- PM has rejected the £25K offer made and a trial date has been set for August.
- She considers the Experts report to be 'not balanced' and does not want it to get into the public domain.
- Waiting for advice from their Agents but it is now too late to put anything/anybody further up from us.
- Fear that throwing money at the problem is the only way to deal with it!-
  - admit report
  - concede content is accurate (it's but opinion is crap)
  - liability is removed
  - question of 'how much to keep your mouth shut!'
