Dear Mike,

As we discussed at the meeting with Dave Miller and Richard Christou on Monday, we are now nearing the end of the Acceptance process, and it is important that all activities are concluded in a timely manner.

Under the Codified Agreement, all ICL activities in relation to analysis, classification and retesting of Acceptance Incidents are due to be completed by the end of the two week period referred to in paragraph 2.4 of schedule A11; allowing a minimum of 1 week for Post Office Counters Limited to review your analysis and classification of incidents, and the outcome of any re-testing undertaken to enable Acceptance Incidents to be cleared (or replaced by ones of lower severity).

Formally, the above 2 week period ended on 9th August, i.e. 2 weeks after 26th July. As we stated on Monday Post Office Counters Limited is prepared to allow an additional 2 days, until 11th August, on condition that the Acceptance Review period is also extended, from 16th to 18th August, the date now scheduled for the Acceptance Board, to maintain the 1 week available for review by Post Office Counters Limited. We also offered to consider requests for further extensions in relation to specific Acceptance Incidents on a case by case basis, but have not received any requests for such extensions.

2. Results and analysis of all retesting you have completed in relation to Acceptance Incidents still open.

Dear Mike,

Thank you for your letter of today, requesting an extension to the contractual deadline for completion of your analysis of Acceptance Incident 298. I have considered this with Bruce McNiven, and Chris French. We are not able to agree to your request, since there would be insufficient time for Post Office Counters Limited to review any new information that you provided. I note that this Acceptance Incident was first raised in early July, following analysis of the Horizon System Help Desk Log by our programme staff, and that Pathway have already had more than 5 weeks for investigation and analysis of the problem.

Post Office Counters Limited could only consider an extension to the timescale for analysis of this Acceptance Incident in the context of an adjustment to the overall Acceptance timescales. However, in the meantime, we would encourage you to continue your efforts towards rectification of this high severity deficiency in the services.

Yours sincerely,

GRO
