Jonathan,

Thanks for the quick chat just now.

As discussed it would be helpful to have a document on the principles against which we might make a settlement payment as well as your thoughts on the circumstances and the Quantum (accepting that you won't be able to produce a figure as that would be case specific).

In terms of format I think it would be helpful to have as a document so that we could annex to a Board paper if appropriate. Grateful if it can be sent over with the letter later today.

Many thanks

david
