Dear Martyn,

**Access to Audit Information**

Further to my letter of 18 February, I have now considered the issues relating to POCL access to audit information held by ICL Pathway. I have concluded that the main issues are those relating to legal interpretation of the contract. I think it best that those are dealt with by our respective legal advisors and accordingly have asked Robert Chaplin at Slaughter and May to write to Iain Monaghan at Masons. If there are any commercial or operational issues arising as a result of those legal discussions then I think it best that we deal with those subsequently.

Yours sincerely,

**GRO**
