David,

Update just in. Susanne finally contacted me at 15:00. She is aware that Stephan is working up the various papers that were sent by Keith and I last week. She believes that he should have something for us to review either later this afternoon or early tomorrow. She is of the view that I shall be required to attend at Preston on Monday morning although the outcome of PO's late submission may be unsuccessful. I have said that I want to at least speak to Susanne once I have seen the proposed WSS about how the information might be presented. She also said that they may well pursue a settlement on Monday.

Colin has asked me if I think we need 'close support' from Masons on Monday. I'm not sure yet and suggest we wait until we see the Lewinsky papers. A brief chat would be welcome under any circumstances.

Keep you informed.

Regards,

Jan

Thanks - I did get it earlier, so the non-delivery message is odd.

I take it there's no word from Mandy or Suzanne. It could be that they are trying to settle the case, but that should not divert them from preparing to go to Court if necessary.

If you hear nothing today, I think you should give Keith Baines a call in the morning.

David,

This may not have reached you this morning. I've just had a non-delivery message.
