Maureen,  
I have spoken with Robert on this and in light of the vagaries of the case I agree that POL will NOT  
proceed with this case.

Dear Andy,

Please find attached files for the above case for your authority to prosecute in this case, the tapes  
have not been transcribed in this case...

**This is a Scottish case which in the normal course of events is not submitted to Royal Mail Group  
Legal Services for advice regarding the sufficiency of the evidence for prosecution but is sent to the  
Designated Authority Manager to review the evidence and to determine whether the case is suitable  
to be reported to the Procurator Fiscal's Office to determine the sufficiency of the evidence for  
prosecution under Scottish Law.**

Kindly confirm your decision within 5 working days.
