**Attachments:** 190703 Submission on POL long-term strategy - Final.docx

Hi Cecilia,

Kelly has reviewed this submission and fed back the following:

- She thinks the vision is brilliant and a fantastic approach.
- She has agreed to have a meeting on this which I will pass this onto our diary manager to schedule.
- She commented that having briefly looked at the 2010 document she thinks we need to produce a far more meaningful document than before and trusts you (as officials) to produce such document.

Many thanks,  
Jess

**Subject:** FOR REVIEW - Sub on POL Long-Term Vision

Hi Jess,

With massive thanks to Eleanor for pulling this together, and to all those who contributed, please find enclosed our submission for the Minister to review on the development of a long-term strategy for Post Office Limited (POL). Enclosed as Annex A the 2010 Coalition Government Strategy document 'Securing the Post Office in the Digital Age'.

Just give me a shout if anything is unclear, otherwise v happy to discuss tomorrow when we next catch up. Thank you and best wishes.

Cecilia
