Judge-led public inquiry into the Horizon scandal

EDM 593: tabled on 10 June 2020

Tabled in the 2019-21 session.

This motion has been signed by 151 Members. It has not yet had any amendments submitted.

Motion text

That this House recognises the life-changing injustices experienced by subpostmasters throughout the Horizon scandal; notes with the deepest sadness that subpostmasters have served custodial sentences and suffered bankruptcy for offences they did not commit; recognises the role of the Government in prolonging this crisis through not fulfilling their role of shareholder representation on the board of Post Office Limited; expresses concern at the scope and formation of the inquiry currently outlined by the Department for Business, Energy and Industrial Strategy; and strongly urges the Government to institute a judge-led public inquiry into this matter at the earliest opportunity.
