Hi Peter,

Sorry for the slight delay coming back to you – I was out of the office [REDACTED] GRO at the beginning of this week. We are aware that applicants, especially those advised by certain advisors, are making a generic reference to the Helen Rose report.

As the HR report is not relevant to this case at all the agreed approach at this stage is to ignore it. In hindsight I should have included this within the IA and I have attached an updated one reflecting this and confirming the approach to ignore reference to the HR report.

If it would be helpful to discuss feel free to give me a call.

Best regards

Andy

Hi Andrew,

The Applicant mentions in her CQR, the Helen Rose report, it hasn't been picked up in the IA. Do you have any thoughts on if we should be including it within our report as the Applicant has requested to see the full version.

Peter

Hi Shirley,

Please find attached IA/QA for M113. The comments of the allocated solicitor (Andy Pheasant) are noted below.

Solicitors Comments

This case does not appear suitable for early settlement. The losses that the Applicant is seeking are large consequential losses at this stage. Further review and examination of these losses, as well as the issues raised by the Applicant, are needed before settlement could be considered.

Regards,

Matt.
