Tony

Please find attached an updated version of the LOR. There are still a number of points to be bottomed out but I hope the structure is now a bit tighter (it also needs a good proof read and formatting sorting out)

I would be grateful if you (or Owain) could help draft the following sections:

- Section 4: Legal duties
- Section 6A: Breach of contract.

In terms of other activities that will feed into the LOR:

- We have just received Deloitte's report on remote access. We're speaking to Deloitte tomorrow and will then update you.
- We're re-reviewing the Letter of Claim to make sure we haven't missed anything.
- I'm meeting POL on Thursday to work through the tactical points (and would welcome your input on the decision papers when you get a chance).

Otherwise, the plan is to submit a near final draft of the LOR to POL for approval on Friday. When do you think you might be able to draft the above sections? Also, could we have a chat about running through the whole letter?

FYI – please find attached brief research notes on malicious prosecution, unlawful means conspiracy and harassment. Notes to follow on misfeasance and HRA.

Kind regards
Andy
