Katie,

It looks like PC0273234 may have been raised at around the time the Peak extract was created in August 2018, so may not have been included. A copy is attached.

Hi Matthew

Thank you for your responses to this summary and confirming the ARQ request has been passed onto the security team. I can see that you've sent over the correct Peak reference for the 2018 Peak. Can I just check this is a Peak that WBD have been given? We can't seem to locate PC0273234 on Relativity so wanted to make sure but apologies if this is something wrong our end.

Kind regards

Katie

Katie,

Please see responses added to the attached summary. I have passed your request for the ARQ data to the security team.

Matthew,

We have prepared our summary on the Drop and Go Bug, copy attached, and should be grateful for Fujitsu's input. We have also reached out to Post Office with a request to put us in touch with ATOS to investigate the outcome further and have also asked Post Office to confirm whether or not a TC was issued here.

Kind regards

Katie
