Hello Catherine,

The Minister has readout on the GLO submission this morning. He agrees with the recommendations.

Let me know if there is anything else you need before putting to SoS.

Thanks,
John

Hi John,

I'll just be boxing this as routine in the Friday box. He might wait to decide until he's seen the intro sub (can test with SpAds).

Thanks,
Catherine

John

I attach the submission mentioned to the Minister at this morning's meeting, which has been cleared by David Bickerton. We have a commission from SoS's office for a more general sitrep on Horizon issues. Suggested handling of the two is discussed in the notes to PSs section at the end of the attachment to the sub.
