Meeting with Robert Daily and Susan Winters of Post Office and Laura Irvine of Brechin Tindal Oatts sols (advisor to PO) they will send me info to show who was logged in for the relevant dates with suspect transactions and who was working those days. They think that Horizon is not as bad as it is made out to be and may be in a position to give us a statement in due course to say that the relevant bits of the system worked properly. I should get a full transcript of interview to see what acc said about use of logins
