0.4 Abbreviations/Definitions

Unless the context otherwise requires, the following terms have the following meanings:

Abbreviation	Definition
APS	Automated Payments Service (Schedule 18)
AP Client	Automated Payments Client
AP Agent	The term given to Post Office Clients (or Service Suppliers) who receive APS file transmission direct from Fujitsu Services. AP Clients who are not also AP Agents, receive their files indirectly, via a Post Office Client (or Service Supplier) acting as their Agent.
DES/EDG Client	An AP Client that is connected to the AP Service via the AP Agent DES/EDG.
Girobank Client	An AP Client that is connected to the AP Service via the AP Agent Girobank.
Live Client	An AP Client becomes live when the physical connection is established and configuration completed such that Client transactions can be passed across the interface. The Client is then considered live until the Client connection service is terminated and files cannot be transmitted. This is at a mutually agreed time, typically at least one month subsequent to Client Token termination, to allow the harvesting, from the branches, of any delayed Client transactions.
Non-DES/EDG Client	An AP Client that is connected to the AP Service via an AP Agent other than DES/EDG.
Non-Girobank Client	An AP Client that is connected to the AP Service via an AP Agent other than Girobank.

Version: 4.0

COMMERCIAL IN CONFIDENCE

Date: 17-May-2004

1.0 Service Summary

The AP Client File Resend Service allows Post Office to request that AP Client transaction files, that are within seven days of original transmission, are resent to the AP Client or are sent to Post Office direct.

Files will be resent to the AP Client over the automated interface to the Client/Agent Gateway, and files will be sent to Post Office on a CD-ROM via secure courier

2.0 Service Principles

The following service principles will apply to the provision of the AP Client File Resend Service.

- A. Fujitsu Services staff will be appropriately trained to carry out the services expected of them.

3.0 Service Definition

3.1 Service Components

The service comprises the following components, where A and C are the responsibility of the Post Office, B is the responsibility of Fujitsu Services:

- A. Request for file resend
- B. File resend and confirmation to Post Office
- C. Liaison with Client

Each of these components is described in the following sections. Further detail will be provided in operational documentation agreed at a working level between Fujitsu Services and Post Office.

3.2 Request for file resend

Post Office shall make the request by electronic mail (Email) to a Fujitsu Service mailbox and shall also contact Fujitsu Services by telephone to alert that a request has been made. The Email shall state:

- A. The Client name
- B. The original name and transfer date of the file(s) required to be resent
- C. Whether the file is to be sent to the Client or to Post Office
- D. The addressee and location if the file is to be sent on CD-ROM to Post Office
- E. For a DES/EDG or Girobank Client, the file prefix to be used for the resend file.

3.3 File resend and confirmation to Post Office

Fujitsu Services will resend the transaction file to the AP Client over the automated interface to the Client/Agent Gateway, or will copy the transaction file onto a CD-ROM and despatch this via secure courier, as requested by Post Office.

Files for a Non-DES/EDG or Non-Girobank Client will be sent with the original filename. Files for a DES/EDG or Girobank Client will have the file prefix changed to a value specified by Post Office.

Fujitsu Services will advise Post Office when the file resend to the AP Client Gateway has been achieved, or when the CD-ROM has been despatched.

3.4 Liaison with Client

Post Office shall liaise with the Client, advise the Client when the file has been resent, and confirm that the Client has received it.

3.5 Service Charge

Any change to the charges defined below (other than by application of the RPI Adjustment Factor) shall be undertaken through the Hard Change Control Procedure.

All charges for services calculated in accordance with this CCD shall be subject to indexation by application of the RPI Adjustment Factor set out in paragraph 10 of Schedule 10 for the Financial Year in which that service is provided.

	Charges for Financial Year ending 31/03/05	Fixed charge per request
A	Request for file re-send to Client/Agent gateway	£423.12
B	Request for File delivery to Post Office	£423.12

4.0 Service Availability

The Service will be available for receipt and processing of service requests between the hours of 09:00 to 17:30 Monday to Friday excluding all English bank and public holidays.

5.0 Service Levels and Service Targets

There are no Service Levels for this service.

However, Fujitsu Services staff will use reasonable endeavours to action the request within the working day on which the request is received. However, the minimum lead-time between receipt of the file resend request and the file resend is four hours.

6.0 Service Dependencies and Post Office Responsibilities

- A. The request must be within seven calendar days of the original day of transmission of the file.
- B. The AP Client must be live at the time of the request.
- C. This service will be operated on a per Client basis hence file resend requests for multiple Clients operating through the same Agent will be treated as separate requests. Therefore each request shall be for either
 - a. one AP Client and up to a maximum of seven files per request, or for
 - b. Post Office and for a maximum of one file per request.
- D. The maximum frequency of requests shall be two requests per working day but limited to a total of five requests per working week.
- E. Post Office shall be responsible for the following:
 - a. Request for service
 - b. Liaison with Client
- F. Post Office shall be responsible for obtaining all necessary consents, authorisations and notifications from relevant Data Controllers, to enable personal data to be processed by Fujitsu Services as part of this service, in compliance with the Data Protection Act 1998. Post Office shall indemnify Fujitsu Services in respect of any losses suffered by Fujitsu Services in connection with its performance of the service as a result of any Post Office failure to have obtained appropriate data protection related consents, authorisations and notifications.
