Attachment: EDQ Appendix - Fujitsu Documents.DOCX

Chris, Matthew, Pete

As discussed on Thursday's call, I have attached our draft appendix to the EDQ summarising the documents held by Fujitsu – please could I ask you to:

1. review it generally and confirm that you are happy with it; and
2. confirm the specific points highlighted in yellow in the attached.

Please accept our apologies for the delay in getting this over to you such that this is now urgent, however, please can I ask you to come back to me with your comments **by 14.30 this afternoon**, as the EDQs need to be exchanged today. Your help is greatly appreciated.

Kind regards

Michael

Post Office are required to inform the Court of the location in which potentially relevant documents are located. "Relevant document" is a very broad term and will encompass pretty much all dealings which Fujitsu have had with Post Office in relation to Horizon and HNG-X spanning emails (both with POL and internally), documents stored in Dimension, Transaction and Event data, HSD logs, Peaks system and any other document produced by Fujitsu which relates to Horizon. I appreciate that this may be a large volume of documents.

So as we can understand the documents held by Fujitsu and where they are stored, it would be helpful if we could have call. Would you be available at 11am on Thursday?

Kind regards
Amy
